**Samuel Johnson** Sep 11 2021 Benefiting from recent critical scholarship that has explored new attitudes toward Johnson, Martin's biography offers a human and sympathetic portrait of the literary and social icon.

The Family Upstairs: A Novel Jan 03 2021 Be careful who you let in... Soon after her twenty-fifth birthday, Libby Jones returns home from work to find the letter she's been waiting for her entire life. She rips it open with one driving thought: I am finally going to know who I am. She soon learns not only the identity of her birth parents, but also that she is the sole inheritor of their abandoned mansion on the banks of the Thames in London's fashionable Chelsea neighborhood, worth millions. Everything in Libby's life is about to change. But what she can't possibly know is that others have been waiting for this day as well—and she is on a collision course to meet them. Twenty-five years ago, police were called to 16 Cheyne Walk with reports of a baby crying. When they arrived, they found a healthy ten-month-old happily cooing in her crib in the bedroom. Downstairs in the kitchen lay three dead bodies, all dressed in black, next to a hastily scrawled note. And the four other children reported to live at Cheyne Walk were gone.

**Liberty's Apostle - Richard Price, His Life and Times** Jun 27 2020 Born in the village of Llangeinor, near Bridgend in south Wales, Richard Price (1723–91) was, to his contemporaries, an apostle of liberty, an enemy to tyranny and a great benefactor of the human race. His friend Benjamin Franklin described aspects of his work as 'the foremost production of human understanding that this century has afforded us'. A supporter of the American and French Revolutions, Price corresponded with the likes of Jefferson, Adams, Washington, Mirabeau and Condorcet. In November 1789 he publicly welcomed the start of the French Revolution and thus inspired not only Edmund Burke to write his rebuttal in *Reflections on the Revolution in France*, but also the *Revolution Controversy*, 'the most crucial ideological debate ever carried on in English'. Price also brought to world attention the Bayes-Price Theorem on probability, which is the invisible background to so much in modern life, and wrote a fundamental text on moral philosophy. Yet, despite all this and more, he remains little-known beyond academia, a situation that this biography helps to rectify. *Liberty's Apostle* tells his life story through his published works and, fully for the first time, his now published correspondence with a host of eighteenth century celebrities. The life revealed is of a truly remarkable Welshman and, as Condorcet remarked, of 'one of the formative minds' of the eighteenth century Enlightenment.

**London Folk Tales for Children** Jan 23 2020 There is everyday magic in the tales of London. Some stories are swirling in the waters of the Thames; some are hidden in the old stones that lie beneath our modern pavements. In *London Folk Tales for Children* Anne and Sef have gathered stories from the words and memories of Londoners past and present. They tell of the mighty river, the streets, and the hills of London. You'll find stories of babies that turn into flowers, of tower ravens and a two-headed bird, and a child who has to travel across the

world all alone. You'll also meet the people of this welcoming city: ever since the Romans, people have come here from all over the world to become Londoners. They've brought delicious foods, new music and hundreds of languages, but, most of all, great stories – London stories.

**Elizabeth's London** Jan 27 2023 'Reading this book is like taking a ride on a marvellously exhilarating time-machine, alive with colour, surprise and sheer merriment' Jan Morris Elizabethan London reveals the practical details of everyday life so often ignored in conventional history books. It begins with the River Thames, the lifeblood of Elizabethan London, before turning to the streets and the traffic in them. Liza Picard surveys building methods and shows us the interior decor of the rich and the not-so-rich, and what they were likely to be growing in their gardens. Then the Londoners of the time take the stage, in all their amazing finery. Plague, smallpox and other diseases afflicted them. But food and drink, sex and marriage and family life provided comfort. Cares could be forgotten in a playhouse or the bull-baiting of bear-baiting rings, or watching a good cockfight. Liza Picard's wonderfully skilful and vivid evocation of the London of Elizabeth I enables us to share the delights, as well as the horrors, of the everyday lives of our sixteenth-century ancestors.

**Restoration London** Jun 20 2022 How did you clean your teeth in the 1600s? What make-up did you wear? What pets did you keep? Making use of every possible contemporary source, Liza Picard presents an engrossing picture of daily life in London in the decade between 1660 and 1670: the streets, houses and gardens; cooking, housework, laundry and shopping; medicine, sex education, hobbies and etiquette; law and crime, religion and popular belief. The London of 300 years ago is brought vividly (and sometimes horrifyingly) to life in Restoration London.

**Restoration London** Sep 23 2022 How did you clean your teeth in the 1600s? What make-up did you wear? What pets did you keep? Making use of every possible contemporary source, Liza Picard presents an engrossing picture of how life in London was really lived in an age of Samuel Pepys, the libertine court of Charles II and the Great Fire of London. The topics covered include houses and streets, gardens and parks, cooking, clothes and jewellery, cosmetics, hairdressing, housework, laundry and shopping, medicine and dentistry, sex education, hobbies, etiquette, law and crime, religion and popular belief. The London of 350 years ago is brought (and sometimes horrifyingly) to life. 'A joy of a book ... It radiates throughout that quality so essential in a good historian: infinite curiosity' Observer

*The Servants of Desire in Virginia Woolf's Shorter Fiction* Apr 06 2021 *The Servants of Desire in Virginia Woolf's Shorter Fiction* proposes an insight into the ways in which Virginia Woolf engaged with the questions of how class influences working women's occupation of private and public space and how material privilege or economic distress inhibits or encourages their likelihood of obtaining their intellectual, spiritual, and physical desires. This groundbreaking book uses class as the determining factor to assess how servants and working class women occupy private and public space and articulate or fail to realize their desires. Drawing upon published and unpublished holograph and typescript drafts of the shorter fiction in The Monks House Papers as well as the Berg Collection, this book examines Woolf's oscillating patterns of elision, idealization, and contempt for the voices and desires of female servants, lesbians, gypsies, and other disenfranchised women. *The Servants of Desire in Virginia Woolf's Shorter Fiction* also assesses how the portrayal of working class women in the shorter fiction becomes a vital template for the representation of working class women in Woolf's novels and essays. This study of the cumulative portrayal of the working class woman in all of Virginia Woolf's shorter fiction will also be compelling for anyone interested in social justice, especially for advocates of equality in gender/race/class/sexuality conflicts.

*A Great and Monstrous Thing* Jul 21 2022 London in the eighteenth century was a new city, risen from the ashes of the Great Fire of 1666 that had destroyed half its homes and great public buildings. The century that followed was an era of vigorous expansion and large-scale projects, of rapidly changing culture and commerce, as huge numbers of people arrived in the shining city, drawn by its immense wealth and power and its many diversions. Borrowing a phrase from Daniel Defoe, Jerry White calls London “this great and monstrous thing,” the grandeur of its new buildings and the glitter of its high life shadowed by poverty and squalor. *A Great and Monstrous Thing* offers a street-level view of the city: its public gardens and prisons, its banks and brothels, its workshops and warehouses—and its bustling, jostling crowds. White introduces us to shopkeepers and prostitutes, men and women of fashion and genius, street-robbers and thief-takers, as they play out the astonishing drama of life in eighteenth-century London. What emerges is a picture of a society fractured by geography, politics, religion, history—and especially by class, for the divide between rich and poor in London was never greater or more destructive in the modern era than in these years. Despite this gulf, Jerry White shows us Londoners going about their business as bankers or beggars, reveling in an enlarging world of public pleasures, indulging in crimes both great and small—amidst the tightening sinews of power and regulation, and the hesitant beginnings of London democracy.

*One Hot Summer* Nov 01 2020 A unique, in-depth view of Victorian London during the record-breaking summer of 1858, when residents both famous and now-forgotten endured “The Great Stink” together. While 1858 in London may have been noteworthy for its broiling summer months and the related stench of the sewage-filled Thames River, the year is otherwise little remembered. And yet, historian Rosemary Ashton reveals in this compelling microhistory, 1858 was marked by significant, if unrecognized, turning points. For ordinary people, and also for the rich, famous, and powerful, the months from May to August turned out to be a summer of consequence. Ashton mines Victorian letters and gossip, diaries, court records, newspapers, and other contemporary sources to uncover historically crucial moments in the lives of three protagonists—Charles Dickens, Charles Darwin, and Benjamin Disraeli. She also introduces others who gained renown in the headlines of the day, among them George Eliot, Karl Marx, William Thackeray, and Edward Bulwer Lytton. Ashton reveals invisible threads of connection among Londoners at every social level in 1858, bringing the celebrated city and its citizens vibrantly to life.

*Chaucer's People* Apr 18 2022 'A holiday in the complex, joyful, indelicate medieval world' John Higgs, author of *Watling Street* *Chaucer's People* is an absorbing and revealing guide to the Middle Ages, populated with Chaucer's pilgrims from *The Canterbury Tales*. These are lives spent at the pedal of a loom, maintaining the ledgers of an estate or navigating the high seas. Drawing on contemporary experiences of a vast range of subjects including trade, religion, toe-curling remedies and hair-raising recipes, bestselling historian Liza Picard recreates the medieval world in glorious detail.

**Johnson in Japan** Dec 02 2020 The study and reception of Samuel Johnson's work has long been embedded in Japanese literary culture. The essays in this collection reflect that history and influence, underscoring the richness of Johnson scholarship in Japan, while exploring broader conditions in Japanese academia today. In examining Johnson's works such as the *Rambler* (1750-52), *Rasselas* (1759), *Lives of the Most Eminent English Poets* (1779-81), and *Journey to the Western Islands of Scotland* (1775), the contributors—all members of the half-century-old Johnson Society of Japan—also engage with the work of other important English writers, namely Shakespeare, Mary Shelley, Jane Austen, and Matthew Arnold, and later Japanese writers, including Natsume Soseki (1867-1916). If the state of Johnson studies in Japan is unfamiliar to Western academics, this volume offers a unique opportunity to appreciate Johnson's centrality to Japanese education and intellectual life, and to reassess how he may be perceived in a different cultural context. **Menagerie** May 07 2021 *Menagerie* is the story of the panoply of exotic animals that were brought into Britain from time immemorial until the foundation of the London Zoo--a tale replete with the extravagant, the eccentric, and--on occasion--the downright bizarre. From Henry III's elephant at the Tower, to George IV's love affair with Britain's first giraffe and Lady Castlereagh's recalcitrant ostriches, Caroline Grigson's tour through the centuries amounts to the first detailed history of exotic animals in Britain. On the way we encounter a host of fascinating and outlandish creatures, including the first peacocks and popinjays, Thomas More's monkey, James I's cassowaries in St James's Park, and Lord Clive's zebra--which refused to mate with a donkey, until the donkey was painted with stripes. But this is not just the story of the animals themselves. It also the story of all those who came into contact with them: the people who owned them, the merchants who bought and sold them, the seamen who carried them to our shores, the naturalists who wrote about them, the artists who painted them, the itinerant showmen who worked with them, the collectors who collected them. And last but not least, it is about all those who simply came to see and wonder at them, from kings, queens, and nobles to ordinary men, women, and children, often impelled by no more than simple curiosity and a craving for novelty.

the capital's rich, teeming and occasionally hazardous past. [The author is] your guide to six extraordinary periods in London's history -- the age of Shakespeare, medieval city life, the plague, coffee houses, the reign of Victoria and the post-Blitz recovery." --Book flap.

**Down and Out in Eighteenth-Century London** Jun 08 2021 London in the eighteenth century was the greatest city in the world. It was a magnet that drew men and women from the rest of England in huge numbers. For a few the streets were paved with gold, but for the majority it was a harsh world with little guarantee of money or food. For the poor and destitute, London's streets offered little more than the barest living. Yet men, women and children found a great variety of ways to eke out their existence, sweeping roads, selling matches, singing ballads and performing all sorts of menial labor. Many of these activities, apart from the direct begging of the disabled, depended on an appeal to charity, but one often mixed with threats and promises. *Down and Out in Eighteenth-Century London* provides a remarkable insight into the lives of Londoners, for all of whom the demands of charity and begging were part of their everyday world.

**Georgian London** May 27 2020 In *Georgian London: Into the Streets*, Lucy Inglis takes readers on a tour of London's most formative age - the age of love, sex, intellect, art, great ambition and fantastic ruin. Travel back to the Georgian years, a time that changed expectations of what life could be. Peek into the gilded drawing rooms of the aristocracy, walk down the quiet avenues of the new middle class, and crouch in the damp doorways of the poor. But watch your wallet - tourists make perfect prey for the thriving community of hawkers, prostitutes and scavengers. Visit the madhouses of Hackney, the workshops of Soho and the mean streets of Cheapside. Have a coffee in the city, check the stock exchange, and pop into St Paul's to see progress on the new dome. This book is about the Georgians who called London their home, from dukes and artists to rent boys and hot air balloonists meeting dog-nappers and life-models along the way. It investigates the legacies they left us in architecture and art, science and society, and shows the making of the capital millions know and love today. Samuel Johnson Jan 15 2022 Samuel Johnson (1709-1784) is one of the pre-eminent figures of 18th century English letters. A poet, essayist, critic, journalist and lexicographer, Johnson was formidably productive and wide-ranging. He was also a legendary wit and conversationalist, whose sharp-tongued pronouncements and many eccentricities are well-recorded in Boswell's classic *Life*. In 1755, he published the first proper dictionary of the English language, defining some 40,000 words with great verve. (In it, he defined a lexicographer as a 'harmless drudge'.) His essays on Shakespeare, his *Lives of the Poets* and his extensive periodical essays were all seminal works in their field and his philosophical romance *Rasselas* (1759) is as pungent today as ever.

*Dr Johnson's London* Feb 28 2023 'A Baedeker of the past, absorbing and revealing in equal measure' Peter Ackroyd 'Brings the age's tortuous splendours and profound murkiness vividly to life' Observer When Dr Johnson published his great Dictionary in 1755, London was the biggest city in Europe. The opulence of the rich and the comfort of the 'middling' sort contrasted sharply with the back-breaking labour and pitiful

wages of the poor. Executions were rated one of the best amusements, but there was bullock-hunting and cock-fighting too. Crime, from pickpockets to highwaymen, was rife, prisons were poisonous and law-enforcement rudimentary. Dr Johnson's London is the result of the author's passionate interest in the practical details of the everyday life of our ancestors: the streets, houses and gardens; cooking, housework, laundry and shopping; clothes and cosmetics; medicine, sex, hobbies, education and etiquette. The book spans the years 1740 to 1770, starting when the gin craze was gaining ground and ending when the east coast of America was still British. While brilliantly recording the strangeness and individuality of the past, Dr Johnson's London continually reminds us of parallels with the present day.

**Mona Lisa** Feb 22 2020 The woman in Leonardo da Vinci's work gazes out from the canvas with a quiet serenity. But what lies behind the famous smile? Shrouded in mystery, the Mona Lisa has attracted more speculation and questioning than any other work of art ever created. This work provides an aide memoire of the world's most famous painting. The full-page colour plates portray the Mona Lisa in close-up photographs, while Serge Bramly, the author, explores its shadowy history and the fascination the painting has engendered.

**The Fortunes of Francis Barber** Aug 30 2020 The story of the extraordinary relationship between a former slave and England's most distinguished man of letters This compelling book chronicles a young boy's journey from the horrors of Jamaican slavery to the heart of London's literary world, and reveals the unlikely friendship that changed his life. Francis Barber, born in Jamaica, was brought to London by his owner in 1750 and became a servant in the household of the renowned Dr. Samuel Johnson. Although Barber left London for a time and served in the British navy during the Seven Years' War, he later returned to Johnson's employ. A fascinating reversal took place in the relationship between the two men as Johnson's health declined and the older man came to rely more and more upon his now educated and devoted companion. When Johnson died he left the bulk of his estate to Barber, a generous (and at the time scandalous) legacy, and a testament to the depth of their friendship. There were thousands of black Britons in the eighteenth century, but few accounts of their lives exist. In uncovering Francis Barber's story, this book not only provides insights into his life and Samuel Johnson's but also opens a window onto London when slaves had yet to win their freedom.

Environmental Justice and Urban Resilience in the Global South May 19 2022 This edited volume provides a fresh perspective on the important yet often neglected relationship between environmental justice and urban resilience. Many scholars have argued that resilient cities are more just cities. But what if the process of increasing the resilience of the city as a whole happens at the expense of the rights of certain groups? If urban resilience focuses on the degree to which cities are able to reorganise in creative ways and adapt to shocks, do pervasive inequalities in access to environmental services have an effect on this ability? This book brings together an interdisciplinary and intergenerational group of scholars to examine the contradictions and tensions that develop as they play out in cities of the Global South through a series of empirically grounded case studies spanning cities of Asia, Latin America, Africa and Eastern Europe.

In the Black Fantastic Aug 10 2021 A richly illustrated exploration of Black culture at its most wildly imaginative, artistically ambitious, and politically urgent. A richly illustrated exploration of Black culture at its most wildly imaginative and artistically ambitious, *In the Black Fantastic* assembles art and imagery from across the African diaspora. Embracing the mythic and the speculative, it recycles and reconfigures elements of fable, folklore, science fiction, spiritual traditions, ceremonial pageantry, and the legacies of Afrofuturism. In works that span photography, painting, sculpture, cinema, graphic arts, music and architecture, *In the Black Fantastic* shows how speculative fictions in Black art and culture are boldly reimagining perspectives on race, gender and identity. Standing apart from Western narratives of progress and modernity premised on the historical subjugation of people of color, *In the Black Fantastic* celebrates the ways that Black artists draw inspiration from African-originated myths, beliefs, and knowledge systems, confounding the Western dichotomy between the real and unreal, the scientific and the supernatural. Featuring more than 300 color illustrations, this beautifully designed book brings together works by leading artists such as Kara Walker, Chris Ofili, and Ellen Gallagher; explores groundbreaking films like *Daughters of the Dust* and *Get Out*; considers the radical politics of pan-Africanism and postcolonialism; and much more. Each section—"Invocation," "Migration," and "Liberation"—includes an introductory text by Ekwon Eshun and longer essays by Eshun, Kameelah L. Martin, and Michelle D. Commander. **Why Worship?** Mar 05 2021 What does it mean to be a worshipper? Together, Tim Hughes and Nick Drake explore who, where, why and how Christians worship, what happens when we do and where the future of worship may take us. With contributions from Graham Kendrick, Lou Fellingham, Kees Kraayenoord, Dr Helen Morris and many more, this book offers a fresh reminder that worship isn't just music and the songs we sing, it is so much more. The Spring Harvest 2021 theme book, *Why Worship?* will help you reconnect to the purpose and meaning of worship, so that you can grow closer to God individually and as a church community and get the most out of worship. Contributors Tim Hughes, Nick Drake, Dr John Andrews, Dr Helen Morris, Graham Kendrick, Lou Fellingham, Lyn Weston, Kees Kraayenoord, Noel Robinson, Doug Williams, Dr Darell Johnson.

**Dr. Johnson's London** Aug 22 2022 An enthralling review of an exhilarating era, *Dr. Johnson's London* brilliantly records the strangeness and individuality of the past--and continually reminds us of parallels with the present day. The practical realities of everyday life are rarely described in history books. To remedy this, and to satisfy her own curiosity about the lives of our ancestors, Liza Picard immersed herself in contemporary sources - diaries and journals, almanacs and newspapers, government papers and reports, advice books and memoirs - to examine the substance of life in mid-18th century London. The fascinating result of her research, *Dr. Johnson's London* introduces the reader to every facet of that period: from houses and gardens to transport and traffic; from occupations and work to pleasure and amusements; from health and medicine to sex, food, and fashion. Stops along the way focus on education, etiquette, public executions as popular entertainment, and a melange of other historical curiosities. This book spans the period from 1740 to 1770--very much the city of Dr. Samuel Johnson, who published his great Dictionary in 1755. It starts when the gin craze was gaining ground and ends just before America ceased being a colony.

**Passionate Patchwork** Feb 04 2021 Exciting, saturated color schemes are the hallmark of works by renowned knitwear designer and decorative artist Kaffe Fassett.

*An Unlikely Leader* Apr 25 2020 Despite several landmarks across the state bearing his name, John Hunter, the second governor of New South Wales, remains somewhat of an enigma. His solitary, career-driven life on land and at sea was tumultuous. As a governor, he had a tough time making his mark and taking charge, and eventually failed. Upon his return to England he went to great lengths to redeem his standing in society.

**Victorian London** Nov 25 2022 From rag-gatherers to royalty, from fish knives to Freemasons: everyday life in Victorian London. Like its acclaimed companion volumes, *Elizabeth's London*, *Restoration London* and *Dr Johnson's London*, this book is the product of the author's passionate interest in the realities of everyday life so often left out of history books. This period of mid Victorian London covers a huge span: Victoria's wedding and the place of the royals in popular esteem; how the very poor lived, the underworld, prostitution, crime, prisons and transportation; the public utilities - Bazalgette on sewers and road design, Chadwick on pollution and sanitation; private charities - Peabody, Burdett Coutts - and workhouses; new terraced housing and transport, trains, omnibuses and the Underground; furniture and decor; families and the position of women; the prosperous middle classes and their new shops, such as Peter Jones and Harrods; entertaining and servants,

food and drink; unlimited liability and bankruptcy; the rich, the marriage market, taxes and anti-semitism; the Empire, recruitment and press-gangs. The period begins with the closing of the Fleet and Marshalsea prisons and ends with the first (steam-operated) Underground trains and the first Gilbert & Sullivan.

**Introduction to Late Modern English** Nov 20 2019 Some twenty years ago it was widely believed that nothing much happened to the English language since the beginning of the eighteenth century. Recent research has shown that this is far from true, and this book offers an introduction to a period that forms the tail end of the standardisation process (codification and prescription), during which important social changes such as the Industrial Revolution are reflected in the language. Late Modern English is currently receiving a lot of scholarly attention, mainly as a result of new developments in sociohistorical linguistics and corpus linguistics. By drawing on such research the present book offers a much fuller account of the language of the period than was previously possible. It is designed for students and beginning scholars interested in Late Modern English. The volume includes: \* a basis in recent research by which sociolinguistic models are applied to earlier stages of the language (1700-1900) \* a focus on people as speakers (wherever possible) and writers of English\* Research questions aimed at acquiring skills at working with important electronic research tools such as Eighteenth Century Collections Online (ECCO), the Oxford English Dictionary and the Oxford Dictionary of National Biography\* Reference to electronically available texts and databases such as Martha Ballard's Diary, the Proceedings of the Old Bailey and Mrs Beeton's Book of Household Management.
