In the tradition of celebrated wartime storytellers Somerset Maugham and Graham Greene, Tan Twan Eng's debut novel casts a powerful spell. The recipient of extraordinary acclaim from critics and the bookselling community, Tan Twan Eng's debut novel casts a powerful spell and has garnered comparisons to celebrated wartime storytellers Somerset Maugham and Graham Greene. Set during the tumult of World War II, on the lush Malayan island of Penang, *The Gift of Rain* tells a riveting and poignant tale about a young man caught in the tangle of wartime loyalties and deceptions. In 1939, sixteen-year-old Philip Hutton - the half-Chinese, half-English youngest child of the head of one of Penang's great trading families - feels alienated from both the Chinese and British communities. He at last discovers a sense of belonging in his unexpected friendship with Hayato Endo, a Japanese diplomat. Philip proudly shows his new friend around his adored island, and in return Endo teaches him about Japanese language and culture and trains him in the art and discipline of aikido. But such knowledge comes at a terrible price. When the Japanese savagely invade Malaya, Philip realizes that his mentor and sensei - to whom he owes absolute loyalty - is a Japanese spy. Young Philip has been an unwitting traitor, and must now work in secret to save as many lives as possible, even as his own family is brought to its knees. The Golden Straw, as it would be named, was a large, broad-brimmed hat presented to Emily Pearson by her long-time friend and employer Mabel Arkwright, milliner and modiste. And before long it was to her employer that Emily owed the gift of the business itself, for Mabel was in poor health and had come to rely more and more on Emily before her untimely death in 1880. While on holiday in France, Emily and the Golden Straw attracted the eye of Paul Steerman, a guest at the hotel, and throughout his stay he paid her unceasing attention. But Paul Steerman was not all he seemed to be and he was to bring nothing but disgrace and tragedy to Emily, precipitating a series of events that would influence the destiny of not only her children but her grandchildren too. *THE GOLDEN STRAW* conceived on a panoramic scale, brilliantly portrays a whole rich vein of English life from the heyday of the Victorian era to the stormy middle years of the present century. It represents a fresh triumph for this great storyteller whose work is

deservedly loved and enjoyed throughout the world From the Paperback edition. Find hope even in these dark times with this rediscovered masterpiece, a companion to his international bestseller *Man's Search for Meaning*. Eleven months after he was liberated from the Nazi concentration camps, Viktor E. Frankl held a series of public lectures in Vienna. The psychiatrist, who would soon become world famous, explained his central thoughts on meaning, resilience, and the importance of embracing life even in the face of great adversity. Published here for the very first time in English, Frankl's words resonate as strongly today—as the world faces a coronavirus pandemic, social isolation, and great economic uncertainty—as they did in 1946. He offers an insightful exploration of the maxim “Live as if you were living for the second time,” and he unfolds his basic conviction that every crisis contains opportunity. Despite the unspeakable horrors of the camps, Frankl learned from the strength of his fellow inmates that it is always possible to “say yes to life”—a profound and timeless lesson for us all.

**INTERNATIONAL BESTSELLER** A brilliantly plotted psychological crime novel about a missing child and the scandal that erupts in the aftermath with a shocking twist They know who did it. Perhaps not consciously. Perhaps not yet. But they know. When eight-year-old Daisy Mason vanishes from her family's Oxford home during a costume party, Detective Inspector Adam Fawley knows that nine times out of ten, the offender is someone close to home. And Daisy's family is certainly strange—her mother is obsessed with keeping up appearances, while her father is cold and defensive under questioning. And then there's Daisy's little brother, so withdrawn and uncommunicative . . . DI Fawley works against the clock to find any trace of the little girl, but it's as if she disappeared into thin air—no one saw anything; no one knows anything. But everyone has an opinion, and everyone, it seems, has a secret to conceal. With a story that feels all too real, *Close to Home* is the best kind of suspense—the kind that sends chills down your spine and keeps you up late at night, thrilled and terrified. 'Searingly honest... gripping... fascinating and hugely entertaining.' Sunday Times 'Justin is a great broadcaster because he sounds like a real human being. This hugely entertaining book helps explain why'. John Humphrys 'Moving and frank ... A story of a childhood defined by loneliness, the absence of a father and the grim experience of a Quaker boarding school. It is also one of the most perceptive accounts of Britain in the 1970s.' Misha Glenny ..... Justin Webb's childhood was far from ordinary. Between his mother's un-diagnosed psychological problems, and his step-father's untreated ones, life at home was dysfunctional at best. But with gun-wielding school masters and sub-standard living conditions, Quaker boarding school wasn't much better. And the backdrop to this coming of age story?

Britain in the 1970s. Led Zeppelin, Janis Joplin and Free. Strikes, inflation and IRA bombings. A time in which attitudes towards mental illness, parenting and masculinity were worlds apart from the attitudes we have today. A society that believed itself to be close to the edge of breakdown. Candid, unsparing and darkly funny, Justin Webb's memoir is a portrait of personal and national dysfunction. So was it the brutal experiences of his upbringing, or an innate ambition and drive that somehow survived them, that shaped the urbane and successful radio presenter we know and love now? TWELVE PEOPLE... TWELVE GIFTS... ONE CHRISTMAS TO REMEMBER... Maddy runs the bookshop on Market Square. 'He felt it: the lightness, the expansiveness, the anticipation, the sense that something good was coming. And it was, wasn't it - though the world was still licking its collective wounds and there was still suffering everywhere, suffering and loneliness and sadness. Despite all this, it was good: it was kindness, it was giving without thought of recompense, it was light in the darkness' Discover the story of a boy, his best friend, a monster, and a dream that lifts them all to a higher place. *PASH AND THE BLUE BICYCLE* is a wonderful story about friendship and resilience, written by author Crina-Ludmila Cristea. With lovely watercolor illustrations by artist Rhiannon Thomas, this story will put a smile on your face and even make you and your little ones discuss fun, but also painful subjects such as Diabetes Type 1. The final part of the Cockleberry Bay trilogy. In a notorious historical event, pirates raided the coast of Iceland and abducted 400 people into slavery in Algiers. Among them a pastor, his wife, and their children. In her acclaimed debut novel Sally Magnusson imagines what history does not record: the experience of Asta, the pastor's wife, as she faces her losses with the one thing left to her - the stories from home - and forges an ambiguous bond with the man who bought her. Uplifting, moving, and sharply witty, *The Sealwoman's Gift* speaks across centuries and oceans about loss, love, resilience and redemption. Six ounces of metal, glass and plastic, fashioned into a sleek, shiny, precious object. At once, a gateway to other worlds - and a treacherous weapon in the hands of the unwary, the unwitting, the inept. The Cleverley family live a gilded life, little realising how precarious their privilege is, just one tweet away from disaster. George, the patriarch, is a stalwart of television interviewing, a 'national treasure' (his words), his wife Beverley, a celebrated novelist (although not as celebrated as she would like), and their children, Nelson, Elizabeth, Achilles, various degrees of catastrophe waiting to happen. Together they will go on a journey of discovery through the Hogarthian jungle of the modern living where past presumptions count for nothing and carefully curated reputations can be destroyed

in an instant. Along the way they will learn how volatile, how outraged, how unforgiving the world can be when you step from the proscribed path. Powered by John Boyne's characteristic humour and razor-sharp observation, *The Echo Chamber* is a satiric helter skelter, a dizzying downward spiral of action and consequence, poised somewhere between farce, absurdity and oblivion. To err is maybe to be human but to really foul things up you only need a phone. 'Sharp, funny, and beautifully written, but it's also a brilliant reflection on the landscape we now live in' Sunday Times bestselling author, Joanna Cannon *The perfect daughter is dead. And a secret is eating her family alive...* Jenna is given another shot at life when she receives a donor heart from a girl called Callie. Jenna knows that Callie didn't die in an accident. But how did she die? Jenna is determined to discover the truth but it could cost her everything; her loved ones, her sanity, even her life ... When Micajah Fenton discovers a crater in his front yard with a broken time glider in the bottom and a naked, virtual woman on his lawn, he delays his plans to kill himself. While helping repair the marooned time traveler's glider, Cager realizes it can return him to his past to correct a mistake that had haunted him his whole life. In gratitude for his help, the virtual creature living in the circuitry of the marooned glider, sends Cager back in time as his ten-year-old self, knowing everything he'd known at eighty. As a bonus, it also gives him access to advanced equations of space and time. But living life over knowing the future isn't as easy as Cager anticipated, and he bungles his chance at correcting the most serious mistake of his life. Now he must use his new knowledge of advanced math to build his own time machine to go back and try

again. Meanwhile Cager's repairs to the creature's glider fail, keeping it stranded near earth. In desperation, the whale-like creature sends, Ell, a near-human, female copy containing it's consciousness to help Cager. While perfecting time travel, Cager and Ell overcome enormous problems, even being hunted by dinosaurs in the Cretaceous, and Cager falls in love with this indomitable anthropomorphic copy of a creature from across the galaxy. \*\* THE NUMBER ONE BESTSELLER \*\* 'A wonderful storyteller' Cathy Kelly 'Warm, intelligent and brilliant' Marian Keyes 'A beautiful book by an exceptional author - lose yourself in her wonderful writing' Sinead Moriarty ----- Happy Birthday, darling girl... Yet, as that day grows closer, doubts about her mistress arise and spur questions that demand answers. Features A Kinky Twist on History! love scenes, including bondage and spanking! 'Pippa Grange has something to teach all of us when it comes to letting go of perfectionism and anxiety, and living with open hearts rather than clenched fists. Fear Less is a total game-changer.' Bren é Brown If we were truly free from fear, what could we achieve? We strive for success, but we are rarely happy. The more we try to win - putting on a brave face for work or family - the more we risk losing ourselves. And even reaching our goals can feel strangely hollow. The culprit? Fear. It makes us anxious, or shameful, or turns us into perfectionists. We pretend to be someone else while aiming for a status that's never truly satisfying. There is another way. A way to find our true voice, to win on our own terms. Building that open mindset is at the heart of this mould-breaking book by Dr Pippa Grange, the psychologist who helped transform the England team, taking them all the way to the World Cup semi-finals in 2018. In Fear Less, Pippa Grange shows all of us how, by starting to live with less fear, we can find our real passions and deeper fulfilment. Her simple manifesto enables us to replace stress with courage, and connect with the people around us on a far deeper level. This type of success isn't about trophies or beating others, it's about winning at the very deepest level: winning from within. It's time to fear less. INTRODUCED BY JAN MORRIS '[This] gloriously ornate account of that epic journey is a classic' ROBERT MACFARLANE 'The feeling of being lost in time and geography with months and years hazily sparkling ahead is a prospect of inconjecturable magic.' In 1933, aged eighteen, Patrick Leigh Fermor set out on his 'great trudge', a year-long journey by foot from the Hook of Holland to Istanbul. Three decades later he wrote A Time of Gifts, the sparkingly original account of the first part of this youthful adventure, which took him through the Low Countries, up the Rhine, through Germany, down the Danube, through Austria and Czechoslovakia, and as far as Hungary. Alone, carrying only a rucksack and with a small allowance of only a pound a week, Fermor had planned to sleep rough - to live 'like a tramp, a pilgrim, or a wandering scholar' - but a chance introduction in Bavaria led to comfortable stays in castles, and provided a glimpse of the old Europe of princes and peasants. Hailed as a masterpiece, A Time of Gifts is in part a coming-of-age memoir, but it is also a rich and compelling portrait of a continent that - despite its resplendent domes and monasteries, its great rivers and grand cities - was soon to be swept away by war, modernisation and profound social change. 'Not only is this journey one of physical adventure but of cultural awakening. Architecture, art, genealogy, quirks of history and language are all devoured -- and here passed on -- with a gusto uniquely his' COLIN THUBRON, SUNDAY TIMES 'One of the most romantic books of the twentieth century, Patrick Leigh Fermor's account of a long walk across Europe is also a literary treasure, a rich blend of action and observation' GUARDIAN Maya Augustine needed to disappear-her life depended on it. When her path led her to the middle-of-nowhere Virginia, she found the perfect place to hide. A woman on the run, Maya had no business befriending anyone, let alone allowing herself to become involved with a man ... especially after her last experience. Even so, she couldn't help but become obsessed with the bruised, battered, and beautiful killer who walked into her life. Grady Cain reached rock bottom. His past finally caught up with him, causing him to lose his edge at work and in life. Spiraling down a desperate path of remorse and guilt, Grady wasn't expecting his refuge to come in the form of a woman. Day in-day out, she was the only thing he'd allowed himself to think about. To focus on. To consume him. One was running. The other had nothing to run to. Until these troubled souls crossed paths... And two paths became one. Warning: This author is a mom who runs a PG-13 home. This book is not PG-13. She would literally keel over and die if anyone under the age of 18 read this book.
