DISCIPLE IV UNDER THE TREE OF LIFE is the final study in the four-phase DISCIPLE program and is prepared for those who have completed BECOMING DISCIPLES THROUGH BIBLE STUDY. The study concentrates on the Writings (Old Testament books not in the Torah or the Prophets), the Gospel of John, and Revelation. Emphasis on the Psalms as Israel's hymnbook and prayer book leads natural to an emphasis on worship in the study. Present through the entire study is the sense of living toward completion - toward the climax of the message and the promise, extravagantly pictured in Revelation. The image of the tree and the color gold emphasize the prod and promise in the Scriptures for DISCIPLE IV: UNDER THE TREE OF LIFE. The word under in the title is meant to convey invitation, welcome, sheltering, security, and rest - home at last. Commitment and Time Involved 32 week study Three and one-half to four hours of independent study each week (40 minutes daily for leaders and 30 minutes daily for group members) in preparation for weekly group meetings. Attendance at weekly 2.5 hour meetings. DVD Set Four of the five videos in this set contain video segments of approximately ten minutes each that serve as the starting point for discussion in weekly study sessions. The fifth video is the unique component that guides an interactive worship experience of the book of Revelation. Under the Tree of Life Scriptures lend themselves to videos with spoken word, art, dance, music, and drama. Set decorations differs from segment to segment depending on the related Scripture and its time period. Set decoration for video segments related to the Writings generally has a Persian theme. Set decoration for the New Testament video segments emphasizes the simpler life of New Testament times. A **NEW YORK TIMES BESTSELLER** An entertaining, humorous, and inspirational memoir by the founder and chief creative officer of the multimillion-dollar lifestyle brand *ban.do*, who “has become a hero among women (and likely some men too) who struggle with mental health” (*Forbes*). After graduating from college, Jen Gotch was living with her parents, heartbroken and lost, when she became convinced that her skin had turned green. Hallucinating that she looked like *Shrek* was terrifying, but it led to her first diagnosis and the start of a journey towards self-awareness, acceptance, success, and ultimately, joy. With humor and candor, Gotch shares the empowering story of her unlikely path to becoming the creator and CCO of a multimillion-dollar brand. From her childhood in Florida where her early struggles with bipolar disorder, generalized anxiety, and ADD were misdiagnosed, to her winding career path as a waitress, photographer, food stylist, and finally, accidental entrepreneur, she illuminates how embracing her flaws and understanding the influence of mental illness on her creativity actually led to her greatest successes in business and life. "Dare to Inspire shows how to spark and sustain exponential growth." --Shawn Achor, New York Times bestselling author of *Big Potential* and *The Happiness Advantage* Inspiration is a most critical resource to be managed in modern work. The problem is that the power of inspiration often feels fleeting. But what if you could design your own way to be inspired at work on a regular basis? What if you could make your own inspiration last? Rooted in 18 engines of inspiration that emerged from interviews with leaders across different industries, *Dare to Inspire* shows how to supercharge inspiration for yourself, your team, and your organization. Each chapter offers tools, strategies, and examples of how to make inspiration happen and last. Through stories of pioneers in business, health, education, and other industries, readers learn how to effectively use the engines to spark inspiration, along with specific practices to sustain it. *Dare to Inspire* features Chef Wes Avila, the founder of L.A. sensation *Guerrilla Tacos*, who was inspired to revolutionize his industry; crowdfunding pioneer Charles Best, who founded *DonorsChoose* to meet the challenge of connecting teachers in need with donors interested in supporting educational programs; and many others. From fundamental topics to modern technological developments, the book covers all aspects of the railways including various modernization plans covering tracks, locomotives, and rolling stock. Important statistical data about the Indian Railways and other useful

information have also been incorporated to make the coverage comprehensive. A number of illustrative examples supplement text to aid easy understanding of design methods discussed. The book should also serve the need of students of polytechnics and those appearing of the AMIE examination and would also be a ready reference for railway professionals. There's power in owning the obstacles you might face. This book shows you how to unlock it. In an ideal world, we'd succeed based on our actual skills and performance. But in the real world, subtle perceptions and stereotypes - about appearance, race, gender, experience and more - colour others' perceptions. The result might be that your hard work isn't noticed or appreciated, your effort doesn't lead to proportional rewards and your good ideas aren't taken seriously. But it doesn't have to be that way. As Harvard Business School Professor Laura Huang has discovered, there's a way to flip stereotypes and obstacles in your favour. Drawing on compelling case studies and her groundbreaking research on overcoming bias, Huang explains that by finding your edge, you can turn perceived disadvantages into real strengths - and into real success. Creating an edge is the key to succeeding within an imperfect system. Edge will help you make your hard work work harder for you. It will help you be seen - and empower you to take the spotlight with authenticity, charm and poise. "Paging through Serrano's Movies (and Other Things) is like taking a long drive at night with a friend; there's that warmth and familiarity where the chat is more important than the fastest route from Point A to Point B...It's like a textbook gone right; your attention couldn't wander if it tried." -- Elisabeth Egan, New York Times Book Review

Shea Serrano is back, and his new book, Movies (And Other Things), combines the fury of a John Wick shootout, the sly brilliance of Regina George holding court at a cafeteria table, and the sheer power of a Denzel monologue, all into one. Movies (And Other Things) is a book about, quite frankly, movies (and other things). One of the chapters, for example, answers which race Kevin Costner was able to white savior the best, because did you know that he white saviors Mexicans in McFarland, USA, and white saviors Native Americans in Dances with Wolves, and white saviors Black people in Black or White, and white saviors the

Cleveland Browns in Draft Day? Another of the chapters, for a second example, answers what other high school movie characters would be in Regina George's circle of friends if we opened up the Mean Girls universe to include other movies (Johnny Lawrence is temporarily in, Claire from The Breakfast Club is in, Ferris Bueller is out, Isis from Bring It On is out...). Another of the chapters, for a third example, creates a special version of the Academy Awards specifically for rom-coms, the most underrated movie genre of all. And another of the chapters, for a final example, is actually a triple chapter that serves as an NBA-style draft of the very best and most memorable moments in gangster movies. Many, many things happen in Movies (And Other Things), some of which funny, others of which are sad, a few of which are insightful, and all of which are handled with the type of care and dedication to the smallest details and pockets of pop culture that only a book by Shea Serrano can provide. This excellent volume conceives of Baldwin as a figure crucial to discussions of whiteness, sexuality, and globalization. The times are ripe for the valuable reconsideration of Baldwin that James Baldwin Now provides.--Jennifer DeVere Brody, George Washington

University One of the most prolific and influential African American writers, James Baldwin was for many a harbinger of hope, a man who traversed the genres of art-writing novels, essays, and poetry. *James Baldwin Now* takes advantage of the latest interdisciplinary work to understand the complexity of Baldwin's vision and contributions without needing to name him as exclusively gay, expatriate, black, or activist. It was, in fact, Baldwin who said, it is quite impossible to write a worthwhile novel about a Jew or a Gentile or a Homosexual, for people refuse... to function in so neat and one-dimensional a fashion. McBride has gathered a unique group of new scholars to interrogate Baldwin's life, his presence, and his political thought and work. *James Baldwin Now* finally addresses the man who spoke, and continues to speak, so eloquently to crucial issues of the twentieth century.
