With Musket & Tomahawk Volume II Nov 29 2020 This history of the 1777 Wilderness War in America's fight for independence chronicles the Patriot defense against British and Iroquois attackers. Continuing his acclaimed history of the battles for New England during the Revolutionary War, Michael Logusz chronicles the British Army's campaign from Lake Ontario down the Mohawk Valley. This campaign, led by Gen. Barry St. Leger, was perhaps the most terrifying of all, as it overran a sparsely populated wilderness where colonists had long needed to bear arms against the Iroquois Federation. Yet now, the British had made common cause with the Iroquois, forming an even more fearsome enemy. In upstate New York, the Patriot Fort Stanwix held fast, though surrounded by St. Leger's forces and his Mohawk and Loyalist auxiliaries. Some eight hundred Patriots under militia leader Nicholas Herkimer attempted to relieve the fort, but were ambushed en route in the Battle of Oriskany, the basis for the movie *Drums Along the Mohawk*. In the end, Fort Stanwix was relieved only when Benedict Arnold marched his troops

through and forced the British to give up their western onslaught. In *With Musket and Tomahawk Volume II*, Logusz captures the terrain, tactics, and terror of this multifaceted wilderness war.

Shelby Foote, the Civil War, a Narrative: Secession to Fort Henry Jun 17 2022 In this fourth volume of the 40th Anniversary Edition of the epic work, Mr. Foote recounts Second Manassas and the subsequent Confederate invasions of Northern territory, East and West, including the Antietam campaign and Bragg's.

Written in Blood Volume 2 Apr 03 2021 In 2010 "Written in Blood Volume 1" told the stories of thirteen law officers who died in the line of duty between 1861 and 1909. Now Selcer and Foster are back with Volume 2 covering more line-of-duty deaths. This volume covers 1910 to 1928, as Fort Worth experiences a race riot, lynchings, bushwhacking, assassinations and martial law imposed by the U.S. Army.

The Civil War: A Narrative May 04 2021 This final volume of Shelby Foote's masterful narrative history of the Civil War brings to life the military endgame, the surrender at Appomattox, and the tragic dénouement of the war—the assassination of President Lincoln. Features maps throughout. "An unparalleled achievement, an American Iliad, a unique work uniting the scholarship of the historian

and the high readability of the first-class novelist."

—Walker Percy "To read this chronicle is an awesome and moving experience. History and literature are rarely so thoroughly combined as here; one finishes this volume convinced that no one need undertake this particular enterprise again." —Newsweek "In objectivity, in range, in mastery of detail, in beauty of language and feeling for the people involved, this work surpasses anything else on the subject. . . . Written in the tradition of the great historian-artists—Gibbon, Prescott, Napier, Freeman—it stands alongside the work of the best of them." —The New Republic "The most written-about war in history has, with this completion of Shelby Foote's trilogy, been given the epic treatment it deserves." —Providence Journal

Lincoln's Political Generals Nov 17 2019 Lincoln's most controversial generals--his so-called "political generals"--were appointed, promoted or kept in service for political purposes without regard for their competence. "It seems but little better than murder," the Army's general in chief, Henry Halleck, protested, "to give important commands to such men." The book shows these seven generals--Butler, Banks, Sigel, Fremont, McClernand, Hurlbut and Wallace--in action, allowing readers to decide for themselves if Halleck was right in his withering assessment of Lincoln's political generals.

Fort Worth Jan 24 2023 From its beginnings as an army camp in the 1840s, Fort Worth has come to be one of Texas's—and the nation's—largest cities, a thriving center of culture and commerce. But along the way, the city's future, let alone its present prosperity, was anything but certain. Fort Worth tells the story of how this landlocked

outpost on the arid plains of Texas made and remade itself in its early years, setting a pattern of boom-and-bust progress that would see the city through to the twenty-first century. Harold Rich takes up the story in 1880, when Fort Worth found itself in the crosshairs of history as the cattle drives that had been such an economic boon became a thing of the past. He explores the hard-fought struggle that followed—with its many stops, failures, missteps, and successes—beginning with a single-minded commitment to attracting railroads. Rail access spurred the growth of a modern municipal infrastructure, from paved streets and streetcars to waterworks, and made Fort Worth the transportation hub of the Southwest. Although the Panic of 1893 marked another setback, the arrival of Armour and Swift in 1903 turned the city's fortunes once again by expanding its cattle-based economy to include meatpacking. With a rich array of data, Fort Worth documents the changes wrought upon Fort Worth's economy in succeeding years by packinghouses and military bases, the discovery of oil and the growth of a notorious vice district, Hell's Half Acre. Throughout, Rich notes the social trends woven inextricably into this economic history and details the machinations of municipal politics and personalities that give the story of Fort Worth its unique character. The first thoroughly researched economic history of the city's early years in more than five decades, this book will be an invaluable resource for anyone interested in Fort Worth, urban history and municipal development, or the history of Texas and the West.

The Civil War Volume III Nov 22 2022 A narrative history

of the American Civil War, which covers not only the battles and the troop movements but also the social background that brought on the war and led, in the end, to the South's defeat.

Songs for the Dead Vol. 1 Aug 27 2020 Bethany is a minstrel, a wanderer, and a would-be hero seeking adventure. She's also a reviled necromancer, hated and hunted by all. To prove her magic isn't evil, Bethany needs help from a murderous mercenary, in other words, a friend. FRIENDS. MAGIC. SWORDS. DEATH. AND LIFE (AGAIN). Bethany is a minstrel with a heart full of adventure, a would-be hero determined to find a missing boy from the town of Llyne, and a friend to all woodland critters. But mostly the dead ones...because Bethany is also a necromancer. She's out to prove her magic isn't evil, and she'll need the help of a hot-headed, sword-swinging mercenary named Elissar—that is, she'll need the help of a friend. Collects the complete four issue series.

Contemporary Archaeology in Theory Jun 24 2020 The second edition of *Contemporary Archaeology in Theory: The New Pragmatism*, has been thoroughly updated and revised, and features top scholars who redefine the theoretical and political agendas of the field, and challenge the usual distinctions between time, space, processes, and people. Defines the relevance of archaeology and the social sciences more generally to the modern world
Challenges the traditional boundaries between prehistoric

and historical archaeologies Discusses how archaeology articulates such contemporary topics and issues as landscape and natures; agency, meaning and practice; sexuality, embodiment and personhood; race, class, and ethnicity; materiality, memory, and historical silence; colonialism, nationalism, and empire; heritage, patrimony, and social justice; media, museums, and publics Examines the influence of American pragmatism on archaeology Offers 32 new chapters by leading archaeologists and cultural anthropologists

Fort Clark and Its Indian Neighbors Dec 31 2020 A thriving fur trade post between 1830 and 1860, Fort Clark, in what is today western North Dakota, also served as a way station for artists, scientists, missionaries, soldiers, and other western chroniclers traveling along the Upper Missouri River. The written and visual legacies of these visitors—among them the German prince-explorer Maximilian of Wied, Swiss artist Karl Bodmer, and American painter-author George Catlin—have long been the primary sources of information on the cultures of the Mandan and Hidatsa Indians, the peoples who met the first fur traders in the area. This book, by a team of anthropologists, is the first thorough account of the fur trade at Fort Clark to integrate new archaeological evidence with the historical record. The Mandans built a village in about 1822 near the site of what would become Fort Clark; after the 1837 smallpox epidemic that decimated them, the village was occupied by Arikaras until they abandoned it in 1862. Because it has never been plowed, the site of Fort Clark and the adjacent Mandan/Arikara village are rich in archaeological

information. The authors describe the environmental and cultural setting of the fort (named after William Clark of the Lewis and Clark expedition), including the social profile of the fur traders who lived there. They also chronicle the histories of the Mandans and the Arikaras before and during the occupation of the post and the village. The authors conclude by assessing the results—published here for the first time—of the archaeological program that investigated the fort and adjacent Indian villages at Fort Clark State Historic Site. By vividly depicting the conflict and cooperation in and around the fort, this book reveals the various cultures' interdependence.

The Battle of Fort Sumter Mar 22 2020 On April 12, 1861, the long-simmering tensions between the American North and South exploded as Southern troops in the seceding state of South Carolina fired on the Federal forces at Fort Sumter in Charleston harbor. The battle of Fort Sumter marked the outbreak of Civil War in the United States. The attack provoked outrage in the North, consolidated support for the newly inaugurated President Lincoln, and fueled the onset of the war that would consume and reshape the country. In this concise narrative, Wesley Moody explores the long history of tensions that lead to the events at Fort Sumter, the details of the crisis and battle, the impact of Fort Sumter on the unfolding Civil War, and the battle's place in historical memory. Supplemented by primary documents including newspaper coverage, first-person accounts, letters, and government documents, and supported by a companion website, this book provides students with a nuanced understanding of both the long-term and immediate origins

of the American Civil War.

A Catalogue of the Everett D. Graff Collection of Western Americana Apr 22 2020 The Everett D. Graff Collection of Western Americana consists of some 10,000 books, manuscripts, maps, pamphlets, broadsides, broadsheets, and photographs, of which about half are described in the present catalogue. The Graff Collection displays the remarkable breadth of interest, knowledge, and taste of a great bibliophile and student of Western American history. From this rich collection, now in The Newberry Library, Chicago, its former Curator, Colton Storm, has compiled a discriminating and representative Catalogue of the rarer and more unusual materials. Collectors, bibliographers, librarians, historians, and book dealers specializing in Americana will find the Graff Catalogue an interesting and essential tool. Detailed collations and binding descriptions are cited, and many of the more important works have been annotated by Mr. Graff and Mr. Storm. An extensive index of persons and subjects makes the book useful to the scholar as well as to the collector and dealer. The book is not a bibliography but rather a guide to rare or unique source materials now enriching The Newberry Library's outstanding holdings in American history.

The Civil War: A Narrative Feb 25 2023 This first volume of Shelby Foote's classic narrative of the Civil War opens

with Jefferson Davis's farewell to the United Senate and ends on the bloody battlefields of Antietam and Perryville, as the full, horrible scope of America's great war becomes clear. Exhaustively researched and masterfully written, Foote's epic account of the Civil War unfolds like a classic novel. Includes maps throughout. "Here, for a certainty, is one of the great historical narratives...a unique and brilliant achievement, one that must be firmly placed in the ranks of the masters."—Van Allen Bradley, Chicago Daily News "A stunning book full of color, life, character and a new atmosphere of the Civil War, and at the same time a narrative of unflagging power. Eloquent proof that an historian should be a writer above all else." —Burke Davis "To read this great narrative is to love the nation—to love it through the living knowledge of its mortal division.

Whitman, who ultimately knew and loved the bravery and frailty of the soldiers, observed that the real Civil War would never be written and perhaps should not be. For me, Shelby Foote has written it.... This work was done to last forever." —James M. Cox, Southern Review

Seminole Indian War Fort and Camp Locations - from Florida Survey Records - Volume 2 Feb 19 2020 This is the SECOND volume of Seminole Indian War Forts and villages. It is a combination of MISSED forts (a few) from earlier Central Florida research - as well as NEW locations throughout the State. This completes ALL sites found in the entire State. This book contains Indian Villages, forts, and battle sites (if noted by the surveyor) as found in the Survey Plats from the 1830s-1850s era. In addition, this book will show the original survey drawings, and includes a modern map showing the location PER the survey

records. Will this be exact? Perhaps not, however, it will be crucial information to assist further research. Enough geological information is offered by both the old and modern maps ? that should assist in noting a shift to the actual location ? or provide enough primary information to assist a site survey. Starting with good primary records is so important.

The Lost Ages 1. The Fort on the Moors Dec 23 2022 In the year 1000, the foretold apocalypse comes to pass, and humanity enters an age of darkness. Countless generations come and go before the sun reemerges; all of humanity's once great knowledge is lost. Now, at the mercy of roaming packs of animals, the inhabitants of Anglia have formed clans that work together in a delicate balance to survive the harsh wilderness. Primus, one of the clan leaders, may just hold the key to their salvation, to secure a better future for his daughter Elaine and everyone else. But will his secret unite the clans, or tear them apart? And how much will Elaine have to sacrifice to see her father's dream fulfilled?

Farming the Frontier May 24 2020 In its rich detail, this book provides the first comprehensive history of the agricultural development of the Oregon Country. Based on extensive research in Hudson's Bay Company documents, missionary records, and military and private

papers, this book traces the crucial transition of the Pacific Northwest from a fur-trading outpost to an agricultural settlement -- a process which also saw the shift from British to American jurisdiction in the area.

States at War, Volume 4 Jan 12 2022 While many Civil War reference books exist, there is no single compendium that contains important details about the combatant states (and territories) that Civil War researchers can readily access for their work. People looking for information about the organizations, activities, economies, demographics, and prominent personalities of Civil War States and state governments must assemble data from a variety of sources, with many key sources remaining unavailable online. This crucial reference book, the fourth in the States at War series, provides vital information on the organization, activities, economies, demographics, and prominent personalities of Delaware, Maryland, and New Jersey during the Civil War. Its principal sources include the Official Records, state adjutant-general reports, legislative journals, state and federal legislation, federal and state executive speeches and proclamations, and the general and special orders issued by the military authorities of both governments, North and South. Designed and organized for easy use by professional historians and amateurs, this book can be read in two ways: by individual state, with each chapter offering a stand-alone history of an individual state's war years; or across states, comparing reactions to the same event or solutions to the same problems.

Fort of Apocalypse Aug 19 2022 Yoshiaki Maeda has been falsely accused and detained, along with delinquents from all over the Kanto region, in the juvenile correctional facility, Shouran Institute. Yoshiaki is as typical as a boy can get, so when he finds himself living in this violence-ridden prison, he can't think of anything worse. His cellmates, Iwakura, Yamanoi, and Yoshioka, are a cunning crew and soon Yoshiaki finds himself pulled into a feud going on in the prison. Then suddenly, a prison van crashes into the facility and what shambles out of the wreckage are flesh-eating zombies... And so the curtain is raised on this bone-chilling story of panic and horror!

The Fort that Became a City Dec 11 2021 This is an excellent history of Fort Worth, Texas. Founded in 1849 as an army outpost in what was then the western frontier of Texas. The soldiers were there to protect settlers. The book features original architectural drawings of what the original fort probably looked like. The illustrator researched the fort through the National Archives and other records and came up with artist's views of the frontier outpost. The accompanying text explains the history of the fort and how it grew into one of the country's great cities.

History of Texas: Fort Worth and the Texas Northwest, Vol. 1 Nov 10 2021 Capt. B. B. Paddock was one of the most prolific authors on Texas history. His writings are probably the most complete and best balanced ones. This book covers the history of the Texas Northwest and especially the history of the Fort Worth Region. This is volume one out of two.
