From Essence bestselling author Curtis Bunn comes a moving novel about a down and out corporate executive whose unexpected encounter with a stranger inspires her to reinvent her life. Brenda Harris, a former corporate executive in Atlanta, has endured two years of personal tragedies and professional disappointments, and believes the world owes her a break. One day, she encounters a homeless man who encourages her to look at life differently. She regularly sees this man at one of her daily stops. But she does not realize that he has been closely observing her and, despite his mental illness, is able to forge a deep connection with her in ways that both surprise and inspire her. She realizes there is a whole world out there for her to experience, and Rodney Bridges, the homeless man, helps her begin her journey of self-discovery by challenging her on their daily walks. The path is difficult, but her time with Rodney opens her up to a new world, a world she had dismissed when she lost her job, her husband left her, and her dear sister died. Part of her journey moves her to help Rodney. Through meaningful conversation and dedication, she is able to penetrate the emotional wall Rodney built after his own tragic circumstances sent him onto the streets. They become an unlikely duo--encouraging each other to overcome each of their own obstacles...and slowly a new world emerges. A moving and powerful story about how inspiration can be found in the unlikeliest places, Welcome to My World also reaffirms that the simplest things in life--a conversation with a stranger--can lead to life-changing results. The classic companion to Goodnight Moon - Everyone's favorite little rabbit is back, exploring the boundaries of "Your world. My world." My spoon. Daddy's spoon. "The moon belongs To the man in the moon." Ages 1-4 In this colorful die-cut picture book by award-winning author Lois Ehlert, a child thanks the world for all of nature's wonders. Squish the sea sponge, scrape the rough tree bark and stroke the sheep's fluffy fleece as you get hands-on with the world around you! This tactile book of textures engages with the natural world and encourages children to interact imaginatively with their environment! Time and world in the current global village concern everybody and everyone, whether young or old must pay at least some attention to correctly gauge the 'prevailing winds' blowing in and around the world at that time. The complex nature of the time and the world is very difficult to untangle and hopelessly mired in depths we may not know or things of which we have got no comprehension. In this book, I have tried to summarize events, situations, personalities, and at occasions, a few stories that bring deeper comprehension of the world and its affairs in the larger canvas of the political and cultural dynamics of the time and their interplays as I see them in moving the world forward. The topics on which I wrote were all topics on which I felt rather strongly about or topics that I felt important. I hope they are enjoyed and appreciated by all those who read them. While writing the book, I was often tempted to add my own comments about what I felt about the issue at hand, but in the end I successfully resisted such temptations and restricted myself to the truth as I saw it. So this book is a publication on world affairs with just occasional comments of universal nature here and there. Another problem I encountered while writing this book was the abundance of materials to select from. Several events of recent origin raced through my mind for space, but I had to be choosy to limit myself to the planned format of my book. Further, recent developments are too recent and hot to gauge dispassionately and earn space for objective analyses. Therefore, I avoided such materials

as much as possible in this volume. This holds true about India also. Though this book is India-centric in world affairs, I avoided all opinions and comments on India related matters for the fear of being partisan. This volume is not planned as a platform for such contents. *Nec Dextrorsum, Nec Sinistrorsum* is the theme here and I tried my best to maintain it. Often, I had been tempted to stray into topics quite unrelated to the theme of the book. Managing it and keeping my course on the track was the toughest part of my work. "My Time, My World" opened up limitless vista for entry. Again, I succeeded in confining myself to my Lakshmana Rekha. Helen Harlan Wulf's post-stroke diary describes her struggle with the isolation and helplessness she felt as a victim of aphasia. ****A USA Today Recommended Series!**** She'll risk it all to be with the man she loves... Don't miss *PARTING WORLDS*, a fantasy romance from bestselling author Kaitlyn Davis that reimagines the classic fairy tale of *The Little Mermaid*. "I know humans like to start these sorts of stories with 'once upon a time,' but I'm worried that's setting the stage for false hopes. Because we don't all live, and we aren't all happy. Not every curse can be broken, after all." Humans are dangerous. That's the lesson faeries are taught as soon as their flower petals unfurl, welcoming them into the world. It's the first thing Aerewyn remembers the priestesses telling her as a young girl. Humans are dangerous—don't show them your magic and never cross into their lands. Why then, when she stumbles upon a human boy in the woods, does she find him so intriguing? His blue eyes don't shine with malice. His smile doesn't menace. His laughter is as warm as the sun against her cheeks. And when she later discovers he's been knocked unconscious in a storm, injured and alone in the forest, the only thing he seems in danger of is dying. So she saves his life—a single act that will change the fate of both their worlds... *This is the fourth book in *Once Upon a Curse*, a series of interconnected stand-alone novels all set in the same fantasy universe. Dante Gabriel Rossetti, Pre-Raphaelite extraordinaire, is unique as Victorian proto-expressionistic painter-poet, who relentlessly sought representation of a tormented personified-self through the communicative relationship between image and word. In this interdisciplinary study is considered the narrative interaction that unifies ideas and forms into a self-expressive dialectical that informs of autonomous individualism and gender politics as a social problematic. Rossetti, known universally as a charismatic and vibrantly passionate man, is tangibly revealed in the most tenderly transparent narratives to be a haunted and socially subjugated man who searched for self-definition as a man and as an artist. By an intricate analysis of key textual and visual narratives Yildiz Kilic provides an insightful and wholly original interpretation of Rossetti as Victorian victim and innovator. Our era is profoundly marked by the phenomenon of exile and it has become increasingly urgent to rethink the concept of exile and our stance towards it. This renewed reflection on the problem of exile brings to the fore a number of questions regarding the traditionally negative connotation of exile. Is there not another way to understand the condition of exile? Permeated with references to the 'stranger', the 'other' and 'exteriority', the philosophy of Emmanuel Levinas signifies a positive understanding of exile. This original and compelling book distills from Levinas's philosophy a wisdom of exile, for the first time shedding a positive light on the condition of exile itself. Abi Doukhan argues that Levinas's philosophy can be understood as a comprehensive philosophy of exile, from his ethics to his thoughts on society, love, knowledge, spirituality and art, thereby presenting a comprehensive view of the philosophy of Levinas himself as well as a renewed understanding of the wealth and contribution of exile to a given society.
