By the Managing Director of the famous Workers' Co-op, this is the real story of the last bastion of British Motorcycle production following the collapse of the industry. #1 NATIONAL BESTSELLER WINNER OF THE ATWOOD GIBSON WRITERS' TRUST PRIZE FOR FICTION SHORTLISTED FOR THE 2022/2023 FIRST NATION COMMUNITIES READ AWARD, 2022 MANITOBA BOOK AWARDS' CAROL SHIELDS WINNIPEG BOOK AWARD, MARGARET LAURENCE AWARD FOR FICTION, AND MCNALLY ROBINSON BOOK OF THE YEAR AWARD LONGLISTED FOR THE 2021 SCOTIABANK GILLER PRIZE A GLOBE & MAIL BEST BOOK From the bestselling author of The Break comes a staggering intergenerational saga that explores how connected we are, even when we're no longer together—even when we're forced apart. Cedar has nearly forgotten what her family looks like. Phoenix has nearly forgotten what freedom feels like. And Elsie has nearly given up hope. Nearly. After time spent in foster homes, Cedar goes to live with her estranged father. Although she grapples with the pain of being

separated from her mother, Elsie, and sister, Phoenix, she's hoping for a new chapter in her life, only to find herself once again in a strange house surrounded by strangers. From a youth detention centre, Phoenix gives birth to a baby she'll never get to raise and tries to forgive herself for all the harm she's caused (while wondering if she even should). Elsie, struggling with addiction and determined to turn her life around, is buoyed by the idea of being reunited with her daughters and strives to be someone they can depend on, unlike her own distant mother. These are the Strangers, each haunted in her own way. Between flickering moments of warmth and support, the women diverge and reconnect, fighting to survive in a fractured system that pretends to offer success but expects them to fail. Facing the distinct blade of racism from those they trusted most, they urge one another to move through the darkness, all the while wondering if they'll ever emerge safely on the other side. A breathtaking companion to her bestselling debut *The Break*, Vermette's *The Strangers* brings readers into the dynamic world of the Stranger family, the strength of their bond, the shared pain in their past, and the light that beckons from the horizon. This is a searing exploration of race, class, inherited trauma, and matrilineal bonds that—despite everything—refuse to be broken.

Monthly statistical summary of 5100 stocks. The most trustworthy source of information available today on savings and investments, taxes, money management, home ownership and many other personal finance topics. Collectors and admirers of Allis-Chalmers tractors are in for a real treat! Determine the originality and authenticity of your prized AC with this information-packed volume containing hundreds of color photographs and in-depth text detailing AC's most popular and collectible tractors. Models chronicled include the 4-cylinder A, the little B, the lovable C, the ever-popular WC, the hard-working WD, plus the G, M, RC, U, and WD-45. Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better. Triumph Bonneville: 60 Years is a celebration one of motorcycling's most iconic and beloved bikes. First manufactured in Great Britain in 1959, Triumph's legendary model resonates deeply with motorcycle enthusiasts worldwide who love its style, sound, performance, and undeniable coolness. It's no surprise that Triumph was Steve McQueen's favorite ride. The Bonneville's story is one of successes and challenges as Triumph grew steadily in the post-World War II decades to become America's most successful "import" motorcycle marque. Triumph won every championship worth winning, owned the world speed record for fifteen years, and wooed Hollywood's hottest stars. Bonneville was Triumph's halo machine, one of the highest performance motorcycles of the 1960s. However, as competing marques eventually eclipsed the Bonneville in the 1970s, Triumph management struggled, leading first to bankruptcy and then to the demise of the company in 1983. Triumph was resurrected by British industrialist John Bloor in the late 1990s to become a twenty-first century global success story, which includes a revived and thoroughly retro-contemporary Bonneville range. A lively, illustrated, trivia-packed volume about the subject that makes the world go round. Ever made a fast buck? How about traded cowrie shells for a bride or paid for gum with a \$10,000 bill? This entertaining and information-packed miscellany explains our fascination with money and how it has shaped our

world. Vintage photographs and artwork illustrate surprising facts, lists, and trivia about forgotten financial catastrophes and famous bank robbers, the history of bankruptcy and ancient money gods, wacky cash-related slang and get-rich-quick schemes for the ages. Witty and comprehensive, this valuable volume explores dollars and cents, pounds and pence, and the countless other forms of money.
