In Everything Is Known, Skyla and her big brother, Tangier, confront total surveillance and global rule by human/corporate hybrids known collectively as Big Data. Along the way, they uncover their own legacy to the long-forgotten Haudenosaunee Confederacy that holds the last, best key to survival for all people on the planet. When life is funny, make some jokes about it. Billy Plimpton has a big dream: to become a famous comedian when he grows up. He already knows a lot of jokes, but thinks he has one big problem standing in his way: his stutter. At first, Billy thinks the best way to deal with this is to . . . never say a word. That way, the kids in his new school won't hear him stammer. But soon he finds out this is NOT the best way to deal with things. (For one thing, it's very hard to tell a joke without getting a word out.) As Billy makes his way toward the spotlight, a lot of funny things (and some less funny things) happen to him. In the end, the whole school will know -- If you think you can hold Billy Plimpton back, be warned: The joke will soon be on you! The focus of Unique Physics of Light and Astronomy, a brand new title from Professor Kadakia, is on the processes responsible for the creation of light and its interaction with matter. After several years of extensive research in light wave physics, the author realized that several past physicists had left unexplained gaps in their theories characterizing the behavior of radiation entities in general, and light waves in particular. Though Einstein had postulated a dual nature of of light and radiation, namely a particle

and a wave, which travelled at a constant speed c in space, he did not describe the physical phenomenon for the origination of radiant energy. In this text book, we reveal the unique events surrounding the creation of light and radiation waves. They are germinated from a quantum phenomenon, electrons dissipate energy during orbital transitions, inherently due to a quantized change in their energy states while performing oscillations within electrostatic charge field of protons. Thus, the frequencies and the speed of all radiation is set by the reverberation of the charge field that is independent of the motion of atoms and objects. Moreover, various types of radiation is thus considered as manifestations of oscillations of the charge field at different frequencies and, therefore, are not electromagnetic in nature. The readers of this text will be amazed by the several stunning breakthrough ideas presented here. For instance, we developed a novel concept for the probability of finding a radiation quantum in Richard Feynman's QED that is determined from the wave function of a particle electron that creates the radiation. Another remarkable fact that is postulated by us is that "Black Holes" do not possess a singularity, as was made popular by Stephen Hawking, inasmuch as they are quark stars in reality. Finally, we proudly announce that we have revised the most celebrated mass-energy equivalence expression, as postulated by Albert Einstein, for translation of matter into energy $E = mc^2$ to new a relationship to wit: $E = \Sigma \text{neutrino}c^2 + \Sigma \text{hfradiation}$. I knew Seth Marc was trouble the moment I laid eyes on him. His arresting presence rippled through me and I felt his chaos deep in my bones as our gazes met across the expanse of my father's gym. The alluring fighter wasn't my type with his athletic torso, long, ropy arms, and powerful fists built to destroy men weaker than him, but every fiber in my being was fixated on him. I craved him. And although I knew he was the kind of guy who left a trail of shattered hearts in his wake, I wanted him. I needed him. I had to have him. For the first time in my life, I decided to take a walk on the wild side, consequences be damned. Jai Stone... I met him in the shadows first. He was tall and broad-shouldered, a man walking a dangerous path of rage and revenge, barreling toward certain death. The more time we spent together, the more he showed me who he was. Captivating... Charming... Ferocious in his own way... I had no right following Jai into the abandoned industrial site, but I did, and that stupid mistake was all it took to rip me from my world of semi-normalcy and thrust me headfirst into the gritty criminal underground with Stone as my only ally. Aboveground, I'm a student nurse painfully dragging herself through an unfulfilling life, but down here, where men wear tattoos on their faces and kill without remorse, I'm a fraud living on borrowed time... ..and not much of it. ***** CLICK THE AUTHOR NAME "CUSTOMEYES PUBLICATIONS" FOR MORE SKETCHBOOKS, JOURNALS & DIARIES

IN THE BLOOD was inspired by actual events and their resulting, recurring nightmares. Do the choices we make in our past lives haunt us throughout time? That seems to be what's happening to 21-year-old Skyla Jane Judge as she struggles to decide her future. It turns out that the special abilities she's recently discovered stem from spiritual practices she engaged in during a past life. The question is, should she embrace these powers—and her true self—or should she turn her back on all that she has become and could continue to become? Meanwhile, the "den" hums below The French Quarter as its members meditate in their makeshift home. Keeping the clan intact proves to be trickier than ever as they are forced to seek help deep in Louisiana's swamp lands—placing their trust in powerful vampires, witches, and ... each other. Skyla realizes that clarity comes with a cost in this creepy cobblestone town. Her inner turmoil is heightened by the rival affections of two den members. One offers new love, while the other promises the rekindling of a glorious romance from the past. Skyla's heart and soul are very literally at stake, and the effects of her decision are sure to reverberate beyond this lifetime.

IN THE BLOOD (48,000 words) is Book #2 of The Vampire's Witch Saga, following Book #1 (THE DEN). Book #3 (THE SEVENTH DAY) of the series is also available for sale. This book is a comprehensive and easily accessible reference for physicians caring for pregnant women with diabetes. Covering patients with type 1, type 2, and gestational diabetes, this handbook offers guidance on the different methods of treatment necessary for each population. Chapters cover the entire scope of patient care, including: diagnosis, patient education, dietary recommendations, medications, management during labor, potential fetal complications, and postpartum management. Obstetricians, gynecologists, primary care physicians, and residents will use this text to quickly answer any question they have on diabetes and pregnancy. The perspectives and techniques used in human-

computer interaction design, practice and research are broadening. This book looks at emerging approaches which are likely to contribute to the discipline in near future. The underlying idea is that human character rather than technology should determine the nature of interaction. The concept of "interaction design" covers this range of concerns relevant to enabling quality design. Each chapter emphasizes alternative perspectives on interaction and new concepts to help researchers and practitioners relate to alternative design approaches and opportunities. This second volume provides a wider perspective, from both a scientific and geographic outlook. New topics, such as psychological design processes, gerotechnology, modelling, e-learning and subconscious experiences are discussed from a team of international authors. This book will be of considerable value to those seeking innovative perspectives upon designing and ensuring effective interaction between humans and technology.

Abby Abernathy is re-inventing herself as the good girl as she begins her freshman year at college, which is why she must resist lean, cut, and tattooed Travis Maddox, a classic bad boy. How do you win back a love you threw away with a careless text message? How do you win back a girl who can't stand the sight of you? Instead of penning the perfect, heartfelt love letter, or sending bouquets of roses, I followed Cassia from Arizona to New York City and moved in next door to her and her new boyfriend, Nick. Cassia claims her relationship with Nick is built on concrete, that I can't touch what they have, but I see the flash of desire in her eyes whenever she looks at me, feel the quickening of her breath on my face whenever I get close. I know better than to take her lies as truth. Their foundation is built on nothing more than crumbling bricks, and I'm wielding the sledgehammer that will smash it down. In this twist on Phantom of the Opera, 16-year-old Enna Evans runs away from boarding school to Paris, France, where she joins a theater company. After she learns of a mysterious person named Skyla connected to the opera house, she becomes entangled in a curse.

First published in 1919 as 'Diseases of Women', Gynaecology by Ten Teachers is well established as a concise, yet comprehensive, guide. The twentieth edition has been thoroughly updated by a new team of 'teachers', integrating clinical material with the latest scientific developments that underpin patient care. Each chapter is highly structured, with learning objectives, definitions, aetiology, clinical features, investigations, treatments, case histories and key point summaries and additional reading where appropriate. New themes for this edition include 'professionalism' and 'global health' and information specific to both areas is threaded throughout the text.

Jillian is picture-perfect on the outside, but terrified of getting hurt on the inside. Brittany is a tough girl who trusts almost no one. Ian is a successful athlete who dabbles in the occult. And Rob is a former

gang-banger who struggles with guilt, pain, and a newfound faith in God. These four college students will face the ultimate battle between good and evil in a single year. As spiritual warfare rages around them, a dramatic demonic correspondence takes place. Readers can eavesdrop on the enemy, and learn to stave off their own defeat, by reading *The Ishbane Conspiracy*. In the beginning, you have sex. Lots of it. Then, somewhere in the middle, you lose it. Olivia and Seth are stuck in a rut-a busy, sexless rut-and with Valentine's day fast approaching, Olivia wants to force them out of their comfort zones and into fresher waters. Seth, however, believes the trick to recapturing their passion lies in their beginning. With plans in motion this Valentine's day, Seth and Olivia attempt to rekindle their spark. Does Seth have what it takes to sweep Olivia off her feet all over again? Or is the rut too sticky to pull themselves out of? And the only man I've ever wanted is the one out of reach. Temptation is the Devil's candy, but I lost my faith in God years ago. He's forbidden. Off-limits. My biggest secret. One I'm determined to take to my grave. I've learned to live in the ghost of his memory. Craving his touch, but relieved he never comes home. Until one day, he does. And everything comes crashing down. After all, nothing secret stays hidden for long. Eli I lost before I left. I left and then I loved. And the only woman I've ever seen is the one that I resent. There's a thin line between love and hate, but I stopped playing in-bounds years ago. She's forbidden. Off-limits. My sister's best friend. The one who blazes like the sun. I've learned to live in the shade. Forgetting the heat and embracing the cold. Until finally,

I'm home. And everything goes up in flames. After all, she's the one who lights my fire, and I always chase the match. I didn't want to fall in love with Logan, an infamous relationship slut. He fell in love too easy for it to ever be real. And I refused to end up just one more crazy ex-girlfriend. But he used his self-deprecating charm to wear me down, and I let myself fall. Even though I was afraid he'd abandon me once he learned about my anxiety disorder. And that's exactly what he did. He shattered my heart into a million pieces, and now it's time for him to pay. Revenge never tasted so sweet. But I have to be careful. I can't get too close. I can't let myself fall in love with him again. I've never loved anyone more than Leilani, the fiercest woman I've ever met. But I can't let her break my heart for the second time. I won't survive it. If we're going to be together after college, she needs to handle her addiction to anxiety pills. She can't do that if I'm around to enable her. And that's exactly why I had to leave. But one look into those severe brown eyes and I'm transported back to the night we met. The night I fell in love with her. I know I have to stay away. But I miss her. And what's the harm in just one look? There are dark secrets in the jungle, though—some that Sundew is keeping, and some that she's only just beginning to discover. And now that a new war is upon them, Sundew and her friends must unearth the oldest secret in the jungle—even if what they find is at the foot of Mount Ararat on the crossroads of the eastern and western worlds, medieval Armenians dominated international trading routes that reached from Europe to China and India to Russia. As the first people to convert officially to Christianity, they commissioned and produced some of the most extraordinary religious objects of the Middle Ages. These objects—from sumptuous illuminated manuscripts to handsome carvings, liturgical furnishings, gilded reliquaries, exquisite textiles, and printed books—show the strong persistence of their own cultural identity, as well as the multicultural influences of Armenia's interactions with Romans, Byzantines, Persians, Muslims, Mongols, Ottomans, and Europeans. This unprecedented volume, written by a team of international scholars and members of the Armenian religious community, contextualizes and celebrates the compelling works of art that define Armenian medieval culture. It features breathtaking photographs of archaeological sites and stunning churches and monasteries that help fill out this unique history. With groundbreaking essays and exquisite illustrations, Armenia illuminates the singular achievements of a great medieval civilization.

A chilling and masterfully crafted teen horror novel guaranteed to keep the pages turning, the mind reeling, and the lamp on any reader's bedside table on long after midnight. Privileged and popular Caleb Mason is celebrating his high school graduation when he receives a mysterious, disturbing letter from his long-lost childhood playmate, Christine. Caleb and his jokester friend Bean decide to travel to his tiny hometown of Hudsonville, Florida, to find her. Upon arrival, they discover the town has taken a horrifying turn for the worse. Caleb's childhood home is abandoned and his father has disappeared. Children are going missing. The old insane asylum has reopened, and Christine is locked inside. Her mother, a witch, is consumed with madness, and Christine's long-dead twin sister whispers clues to Caleb through the static of an a.m. radio. The terrifying prophecies of the spirits are coming to pass. Sixteen clocks are ticking; sixty-six murdered souls will bring about the end of the world. As Caleb peels back layer after layer of mystery, he uncovers a truth more horrible than anything he had imagined, a truth that could only be uttered by the lips of the dead. Second in the sexy new Manwhore series from the New York Times bestselling author of REAL. Getting this close to Chicago's hottest player can get a girl burned. Billionaire playboy? Check. Ruthless businessman? Check. Absolutely sinful? Check. Malcolm Saint was an assignment. A job. Any journalist would kill for access to this beautiful, difficult man, but I was the one sent to uncover Chicago's hottest entrepreneur. And uncover him I did betraying his secrets, releasing details of his hookups and hedonistic lifestyle. I intended to reveal him—not let him reveal me. But my head was overtaken by my heart and suddenly nothing could stop me: I fell for him—and I fell hard. Malcolm Saint is absolute Sin, and I've become a hopeless Sinner. Now that the assignment is over, Saint wants something from me—something unexpected—and I want this wicked playboy's heart. But how can I prove to the man who trusts no one that I'm worthy of becoming his plus one? The man they call Saint is pure hell to resist. I'm not a good Catholic girl. A good Catholic

girl would never use church on Sunday to lust over the Father's son. A good Catholic girl would never pulse between her thighs and lose her breath over the boy who recites the closing prayer - even if his voice is low and sinful enough to make her toes curl in her shoes. A good Catholic girl would never allow herself to be led into temptation by dirty, blond hair and dark eyes... And a good Catholic girl would never use Bible study as an excuse to be used and abused. But, like I said, I'm not a good Catholic girl... And he's FAR from a good Catholic boy. Caleb Andrews is everything I don't need, but he's everything I want... God help me. When Starflight, one of the dragonets of destiny, is kidnapped by the NightWings he finds that the kingdom of his birth is a miserable place, full of terrible secrets--and that, with his fellow dragonets too far away to help, the fate of two kingdoms rests in his talons. Nine. She isn't known by a name, only by the number she was branded with at birth. Nine is now eighteen and as an Unfortunate, she'll be forced to serve under The Fortunate for as long as she lives. All her life, she's been force fed rules and regulations on how to serve those above her, but nothing prepares her for Master Kade... the Fortunate she is assigned to. His dark and protective nature compels her, creating thoughts in her mind that she'd be murdered for having if anyone ever found out. Her option? To fight. Fight hard against her forbidden thoughts and desires. It's the only way for her to survive in a world that doesn't want her. He wants his father dead. He wants power. He wants control... And he'll use me to get it. Kade Sario was supposed to be vicious and cruel. He was supposed to be a monster, to hurt and chastise me for the smallest things... but he didn't. I didn't understand it... until I found out what he really wanted from me. He wants to use me. He wants to hold me high above the lion's den and wait for the strongest lion to offer him something he can use... He won't hurt me and he won't take from me, but he keeps me close... So close I can smell him on my skin even when I'm alone. Growing up it was ingrained in me that I do whatever I can to please my Fortunate. It was ingrained in me that I be loyal and faithful, and that I love my Fortunate more than I love myself. I expected that I'd want to please him. I expected that I would be loyal and faithful, just like I was taught... But I didn't expect to fall in love with him. Time is running out. Things are changing, the balance of power is shifting and if I'm going to survive in this world, I need Master Kade on my side... For Ruby Moore life is far more complicated than that of your average teen, for she is in no way average. Ruby is a vampire and her life as a vampire is far from traditional... It has been one year since her normal life was brutally taken from her. Still adjusting to the shock of the change from mortal to immortal, her world is rocked again and she is taken under the wings of a guardian angel back to Sage Sanctum, a school beyond reach from the vampires that are determined to destroy her. There, she is freed from her vampire chains and her normal needs and urges return. However, a new urge arises... Lust. A forbidden lust toward her savior, her guardian angel. Attempting to control these desires is difficult, very difficult and when things couldn't possibly get any worse, her situation becomes life or death as someone, somewhere in the school is aiding those who want her dead. Olivia did the impossible. She tamed the over-confident Casanova, Seth Marc, turning him into a one

woman Romeo. With Seth's first professional fight coming up, she does her best to keep him focused and driven...even if that means withholding sex from him. **Unlock Your Child's Creativity With This K-2 Primary Draw and Write Journal with Bonus Coloring Pages FUN!
