Quick Fix is the second installment in Linda Grimes's original

urban fantasy series starring human chameleon Ciel Halligan. Ciel Halligan, an aura adaptor with a chameleon-like ability to step into the lives of her clients and fix their problems for them—as them—is working a job at the National Zoo with her boyfriend, Billy, and his ten-year-old sister, Molly. It's supposed to be a quick fix, giving her time to decide if it's wise to pursue the romantic relationship her charming scoundrel of a best friend wants, or if she should give Mark, the CIA spook she's crushed on since hormones first rattled her pubescent brain, a chance to step up to the plate. Molly has already begun to show signs of being an adaptor herself. She's young for it, but she's always been precocious, so it's not impossible. What is impossible is her taking on the form of the baby orangutan she touches—adaptors can only project human auras. Until now, apparently. Worse, Molly is stuck in ape form. She can't change herself back. Escaping from the zoo with their new baby orang, Ciel and Billy head for New York City and the only person they know can help: Ciel's brother James, a non-adaptor scientist who's determined to crack the aura adaptor genetic code. But when Billy winds up in jail, accused of attempted murder, Ciel begins to suspect Molly's unusual adapting ability is more than just a fluke. Who's been experimenting on Molly, and what do they hope to gain? And will Ciel survive to find out? Snagging a marriage proposal for her client while on an all-expenses-paid vacation should be a simple job for Ciel Halligan, aura adaptor extraordinaire. A kind of human chameleon, she's able to take on her clients' appearances and slip seamlessly into their lives, solving any sticky problems they don't want to deal with themselves. No fuss, no muss. Big paycheck. This particular assignment is pretty enjoyable...that is, until Ciel's island resort bungalow is blown to smithereens and her client's about-to-be-fiancé is snatched by modern-day Vikings. For some reason, Ciel begins to suspect that getting the ring is going to be a tad more difficult than originally anticipated. Going from romance to rescue requires some serious gear-shifting, as

well as a little backup. Her best friend, Billy, and Mark, the CIA agent she's been crushing on for years—both skilled adaptors—step in to help, but their priority is, annoyingly, keeping her safe. Before long, Ciel is dedicating more energy to escaping their watchful eyes than she is to saving her client's intended. Suddenly, facing down a horde of Vikings feels like the least of her problems. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. A book of the family trees of the original "Old John Huff", who was one of three brothers who immigrated to America. He was born in 1625 in Friesland, which, at that time was part of Germany. The German Friesen tribe arrived before the Christian era and it is this tribe from which the modern Dutch people, living in the northern section of present day Holland, are descended. "Old John" sailed from Rotterdam Holland to New York in 1645 and settled in New Netherland (New York). The other two brothers settled elsewhere and the three brothers never met again [as far as records can prove]. New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea. Linda Grimes's sexy and hilarious urban fantasy series that began with *In a Fix* and *Quick Fix* continues in *The Big Fix*. Aura adaptor extraordinaire Ciel Halligan, who uses her chameleon-like abilities to fix her clients' problems—as them—is filling in on set for action superstar Jackson Gunn, whose snake phobia is standing in the way of his completing his latest mega-millions Hollywood blockbuster. There's only one thing Jack fears more than snakes, and that's the possibility of his fans finding out he screams at the sight of one. Going from hero to laughing stock

isn't part of his career plan. Seems like a simple enough job to Ciel, who doesn't particularly like snakes, but figures she can tolerate an afternoon with them, for the right price—which Jack is offering, and then some. What she doesn't count on is finding out that while she was busy wrangling snakes for him, his wife was busy getting killed. When Ciel goes to break the sad news to the star, she finds out Jack was AWOL from her client hideaway at the time of the murder. Ciel begins to suspect Jack's phobia was phony, and that he only hired her to provide him with an alibi—but if she goes to the police, she'll have to explain how she knows he wasn't really on set. Up against a wall, Ciel calls on her best-friend-turned-love-interest Billy, and her not-so-ex-crush Mark, to help her set up the sting of a lifetime. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. Joanna Bourne returns to the French Revolution, pairing espionage and burning romance to create an unforgettable love story. For fans of Stephanie Laurens, Elizabeth Hoyt and Poldark, this is a must-read. The only person she can trust with her life ... is the man who trusts no one. Marguerite de Fleurignac, once a glittering French aristocrat, is on the run, disguised as Maggie Duncan, British governess. Penniless and alone, she falls into the hands of a compelling stranger with a sinister scar. But why does he risk his life to save her? William Doyle, England's premier spy, has a score to settle with the de Fleurignacs. When he rescues Maggie, he knows her to be the last, dangerous flower of a noble line. Drawn inexorably into the intrigue and madness of revolutionary Paris, they gamble on a love neither of them will admit. When the dance of deception and desire is over, will they betray the one another? For more spellbinding Spymasters romance, look for the other titles by Joanna Bourne: *The Spymaster's Lady*, *My Lord and Spymaster*, *The Black Hawk and Rogue Spy*. "Business during the Week was very dull. The great Plague of the Year Cholera is driving every Country [person] and Merchants from Surrounding Cities away.

The City looks like a desert Compared to its usual animated appearance. Last week ending the 6th there were 78 deaths from it, altogether 173. This week ending yesterday 278 deaths 189 from Cholera. People parting for a day or so, bid farewell to each other. My Partners family are fortunately in the Country. I and Clemens sleep in the Same bed, in Case of a Sudden attack to be within groaning distance. . ." --Diary entry for Sunday, May 13th, 1849

Joseph J. Mersman was a liquor merchant, a German American immigrant who aspired--with success--to become a self-made man. The diary he kept from 1847 to 1864 provides an intriguing account of life in Cincinnati and St. Louis--America's emerging frontier. Outside of Gold Rush diaries and emigration journals, few narrative records of the antebellum period have been published. As a record of both the man and the time in which he lived, The Whiskey Merchant's Diary is a valuable resource for social historians, providing significant details about bachelorhood, whiskey making, ballroom dancing, circus history, card games, steamboat transportation, gender roles, theater history, and Victorian etiquette. The diary is also the story of a man who confronted serious disease, and his descriptions of cholera and syphilis are exceptional. Complemented by photographs, maps, and period advertisements, the diary reveals how a German American businessman worked to establish himself in his newly adopted country during an era that was rife with opportunity. Linda A. Fisher's professional training as a physician makes the public health aspect of this project particularly valuable, and her annotations throughout serve to emphasize the significance of Mersman's firsthand observations.

Del 1 av 4 av Snö och aska I skuggan av en mörk framtid Året är 1772 och det nordamerikanska frihetskriget närmar sig. Upprorets eld pyr redan, och guvernören behöver någon som kan fungera som en enande kraft; någon som kan dämpa det sjudande missnöjet bland nybyggare och indianer och upprätthålla säkerheten för kungen och fosterlandet. Alla är överens om att Jamie Fraser är rätt man

för uppgiften. Men det finns ett problem. Eftersom Jamies hustru Claire är tidsresenär vet Jamie att om tre år är kolonierna självständiga och de kungatrogna antingen döda eller drivna i landsflykt. Och över alltsammans svävar ytterligare ett hot i form av en notis klippt ur ett nummer av Wilmington Gazette från 1776. Enligt denna har byggnaderna på Frasers Ridge förstörts vid en eldsvåda och de boende omkommit i lågorna. För en gångs skull hoppas Jamie att tidsresenärerna i hans familj ska ha fel, något som bara framtiden kan utvisa ... Över en halv miljon svenskar har läst Diana Gabaldons episka kärlekssaga: Främlingen, Slända i bärnsten, Sjöfararna, Trummornas dån, Det flammande korset, Snö och aska, Som ett eko och Skugga av svek. Outlanderserien ligger till grund för TV-serien Outlander. "Extremt beroendeframkallande." Toronto Star "Verkligen underhållande ... den perfekta verklighetsflykten!" San Francisco Chronicle A șasea parte din seria OUTLANDER. Suntem în 1772 în pragul Revoluției Americane străzile Bostonului sunt pline de morți iar în pădurile izolate din Carolina de Nord cabanele ard din temelii. Guvernatorul apelează la Jamie Fraser ca să încerce să unifice țărâmul și să îl protejeze în numele Coroanei. Dar acesta știe de la Claire cum se termină povestea: cu independența tuturor statelor americane. Și mai știe dintr-un ziar apărut în 1776 că el și toți ai lui pier în luptă. Pentru prima dată Jamie speră că viitorul se poate totuși schimba. „Al șaselea roman al aventurilor lui Claire și Jamie se concentrează pe experiența înaintării în vârstă cu melancolia ei implicită dar ca de obicei și pe atenția la detaliul istoric: intrigile se leagă atât de bine între ele punând problema dificilă a predestinării.“ Toronto Star Orange Coast Magazine is the oldest continuously published lifestyle magazine in the region, bringing together Orange County's most affluent coastal communities through smart, fun, and timely editorial content, as well as compelling photographs and design. Each issue features an award-winning blend of celebrity and newsmaker profiles, service journalism, and

authoritative articles on dining, fashion, home design, and travel. As Orange County's only paid subscription lifestyle magazine with circulation figures guaranteed by the Audit Bureau of Circulation, Orange Coast is the definitive guidebook into the county's luxe lifestyle. William D. Williams, parents unknown, was born in Tennessee about 1816. He married Nancy Joiner, parents not listed, on 5 May 1841 in Gibson County, Tennessee. They had 11 children. No death dates or place of deaths are known for William and Nancy. Their descendants have lived in Tennessee, Texas, Minnesota, Hawaii, and other areas in the United States. Fat isn't the problem. Dieting is the problem. A society that rejects anyone whose body shape or size doesn't match an impossible ideal is the problem. A medical establishment that equates "thin" with "healthy" is the problem. The solution? Health at Every Size. Tune in to your body's expert guidance. Find the joy in movement. Eat what you want, when you want, choosing pleasurable foods that help you to feel good. You too can feel great in your body right now—and Health at Every Size will show you how. Health at Every Size has been scientifically proven to boost health and self-esteem. The program was evaluated in a government-funded academic study, its data published in well-respected scientific journals. Updated with the latest scientific research and even more powerful messages, Health at Every Size is not a diet book, and after reading it, you will be convinced the best way to win the war against fat is to give up the fight. The Ponderosa Resort Romantic Comedy Series invites you to small-town Central Oregon where two sisters work to get their reindeer ranch up and running while the siblings down the road transform their late father's ranch into a luxury resort (all while getting to know each other because they grew up with different moms. Er, Dad got around). Fans of laughter, tears, and tingly bits will love this series from a USA Today bestselling author. This boxed set contains books 1-3 in the Ponderosa Resort series. About Studmuffin Santa (book 1) Ugh, Christmas. Not a fan. So why am

I wearing a Santa suit and letting frisky moms paw me at a reindeer ranch? It might have something to do with the family crisis that drew me home between tours as a career Marine. Or maybe it's my urge to cozy up with the prickly reindeer rancher whose curves give me visions of something way hotter than sugarplums. Jade King isn't thrilled I'm here, and she'd be less thrilled to know her sister hired me to keep an eye on things. Someone's set on sabotaging the ranch, so I've got a built-in excuse to get close to Jade. I could swear the attraction's mutual, but something's holding her back. Some secret in her past that has her pushing me away like a bad batch of eggnog. It's almost as baffling as all these accidents at the King sisters' place. Seriously, who'd screw with a reindeer ranch? Between sexy Santa suit malfunctions and risqué Christmas cookies, Jade and I keep ending up under the mistletoe together. Is there any chance we can mesh our Christmas wish lists, or will it all crash down like a fat man in an iron sleigh? About Chef Sugarlips (book 2) I've loved Amber since I wore Batman Underoos, but she doesn't know I exist. Not until she knocks me unconscious with a dead turkey. Now I can't stay away, and it's only a matter of time 'til she learns my big secret. Not my recipe for beef bourguignon, but the secret one no one knows. Not even my siblings who've spent endless hours with me dreaming up our new luxury resort and oh yeah, getting to know each other since we grew up with different moms. But the more I'm with Amber, the surer I am she's my dream girl. Brains, beauty, and the business smarts to turn a reindeer ranch into a quirky wedding venue. Did I mention she's perfect? Then my mom shows up stewing like a pot set to boil over, and suddenly I'm not sure I can keep a lid on things. Can the guy in the white chef's hat be the hero who gets the girl and saves the day, or will it all fall flatter than a burnt soufflé? About Sergeant Sexypants (book 3) A 2019 RITA AWARD FINALIST! Bree Bracelyn doesn't date cops. That's a problem, since I am one. Also, I might be in love with her. But Bree's got a secret I

can't figure out. Most folks lace up their goody two-shoes around cops, but Bree's don't fit quite right. There's a story there, but she's guarding it like a tiger with a pet zebra. And yeah, I know the guy jockeying for police chief should steer clear of a woman with skeletons in her closet, but I can't stay away. I'll find any excuse to visit the resort she owns with her siblings, even trotting out my charming pup, Virginia Woof. I'm not proud. Between hot springs hookups and grope-fests in my car, Bree's breaking her no-cops rule six ways to Sunday, and I'm grateful. But what'll it take to coax out her secret and convince her I'm not here to slap the cuffs on her? Not unless she asks me to. Discover the incredible story of a young daughter of immigrants who would grow up to be the first woman, first Black person, and first South Asian American ever elected Vice President of the United States in this moving picture book biography of Kamala Harris. When Kamala Harris was young, she often accompanied her parents to civil rights marches—so many, in fact, that when her mother asked a frustrated Kamala what she wanted, the young girl responded with: “Freedom!” As Kamala grew from a small girl in Oakland to a senator running for president, it was this long-fostered belief in freedom and justice for all people that shaped her into the inspiring figure she is today. From fighting for the use of a soccer field in middle school to fighting for the people of her home state in Congress, Senator Harris used her voice to speak up for what she believed in and for those who were otherwise unheard. And now this dedication has led her all the way to being elected Vice President of the United States. Told in Nikki Grimes's stunning verse and featuring gorgeous illustrations by Laura Freeman, this picture book biography brings to life a story that shows all young people that the American dream can belong to all of us if we fight for one another. Every Third Woman in America: How Legal Abortion Transformed Our Nation tells the forgotten story of the transition from the back alley to safe care after Roe v. Wade was enacted in

1973. The legalization of abortion resulted in prompt and dramatic health improvements for women, children, and families, but an entire generation of Americans has grown up unaware of the harsh and unnecessary tragedies of back-alley abortions. Current attacks on safe, legal abortion at the state level are designed to return women to those desperate, dangerous days before abortion was legalized. One of the world's leading abortion scholars, Dr. Grimes chronicles the public-health story of legal abortion in America and the harms women face at the mercy of state laws restricting access to care. He shares the stories of his patients seeking abortion and how they and their families benefited. Meet Ciel Halligan, aura adaptor extraordinaire, in this charming introduction to Linda Grimes' "sparkling series" (Publishers Weekly). A genetic quirk means Ciel can take on the appearance of anyone she meets by projecting their aura. This startling ability presents endless possibilities, and she's one of a rare few who has it...so you'd think it'd be easier finding a day job that lets her put it to use. Actress? Model? Ethically dubious and possibly criminal activities, like her best friend Billy? Ciel's long-time crush and fellow aura adaptor, Mark, has found his calling as a CIA agent-a life of intrigue, danger, and the perfect utilization of their rather unique skill set. It seems like the obvious choice to Ciel: She could do good and spend time with her crush. What could be better? "Seamlessly blending humor and action...This deliciously sexy and fun-filled romp simply is a must-read."-RT Book Reviews, 4 1/2 stars, Top Pick! on In a Fix At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. In 2015, a race of alien Others conquered Earth. They enslaved humanity not by force, but through an aggressive mind control that turned people into contented, unquestioning robots. Except sixteen-year-old Althea isn't content at all, and she doesn't need the mysterious note inside her locket to tell her she's Something Else. It also warns her to trust no one, so she hides the pieces that make her

different, even though it means being alone. The autumn she meets Lucas, everything changes. Althea and Lucas are immune to the alien mind control, and together they search for the reason why. What they uncover is a stunning truth the Others never anticipated, one with the potential to free the brainwashed human race. It's not who they are that makes them special, but what. And what they are is a threat. One the Others are determined to eliminate for good. Each issue includes a classified section on the organization of the Dept. QUICK FIX—the second installment of the original urban fantasy series by LINDA GRIMES. Ciel Halligan, an aura adaptor with a chameleon-like ability to step into the lives of her clients and fix their problems for them—as them—is working a job at the National Zoo with her boyfriend, Billy, and his ten-year-old sister, Molly. It's supposed to be a quick fix, giving her time to decide if it's wise to pursue the romantic relationship her charming scoundrel of a best friend wants, or if she should give Mark, the CIA spook she's crushed on since hormones first rattled her pubescent brain, a chance to step up to the plate. Molly has already begun to show signs of being an adaptor herself. She's young for it, but she's always been precocious, so it's not impossible. What is impossible is her taking on the form of the baby orangutan she touches—adaptors can only project human auras. Until now, apparently. Worse, Molly is stuck in ape form. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. James Drumright (ca.1726-1756) married Sarah Williams,

and lived in Lunenburg County, Virginia. Their one son, William Drumright (174 1828), married three times, served in the Revolutionary War, and moved to Mecklenburg County, Virginia. Descendants and relatives lived in Virginia, Tennessee, Oklahoma, Texas and elsewhere. Includes various Drumright immigrants and some of their descendants, without tracing relationship to James and his progeny. Saturday night. It was not a night to be spending alone, riding a bus. When he was a teenager at the comprehensive, Saturday night without a girl, without a date, without at least your mates to raise hell with, Saturday night alone would have been shameful. One wouldn't want to be seen alone on a Saturday night.... Who are you kidding? That was never your life, Jury, not yours.
