Catherine the Great, Historical Romance Regency, 18th Century Romance, Russian Royalty, Steamy Historical Romance, Love Triangle, Historical Fiction Biographical, Young Adult Fiction, Royalty Romance Many North American cities trace their population booms to the nineteenth century when immigrants and migrants flooded emerging industrializing urban centres in search of better lives. Peopling the North American City examines this phenomenon in Montreal through the eyes of a thousand couples to construct both an intimate portrait and a compelling overview of life in a nineteenth-century metropolis. Benefiting from Montreal's remarkable archival records, Sherry Olson and Patricia Thornton use an ingenious sampling of twelve surnames to track the comings and goings, births, deaths, and marriages of the city's inhabitants. The book demonstrates the importance of individual decisions by outlining the circumstances in which they decided where to move, when to marry, and what work to do. Integrating social and spatial analysis, the authors' insights into the relationships among the city's three cultural communities, show how inequalities of voice, purchase power, and access to real property were maintained, and provide first-hand evidence of the impact of city living and poverty on families, health, and futures. The findings challenge presumptions about the cultural "assimilation" of immigrants as well as our understanding of urban life in nineteenth-century North America. The culmination of two years of work, Peopling the North American City is an illuminating look at the humanity of cities and the elements that determine whether their citizens will thrive or merely survive. Beatrice of Savoy, Countess of Provence (1205-63) determined to raise her daughters to advance the House of Savoy, and how better to do so than to arrange marriages? That goal in mind? In this entertaining novel, Jones (The Jewel of Medina) tells the story of four sisters who became queens—Marguerite (France), Eleanor (England), Sanchia (Germany), and Beatrice (Sicily). All were married young, and none had any say in their marriages, and their lives, told here in alternating chapters, were eventful. The author does a good job not only of conveying the very different personalities and circumstances of the sisters but also of showing how little power these queens often had over the things that mattered most to them. Family trees help to keep track of a large number of characters. Verdict Fans of historical fiction about European royalty (e.g., Philippa Gregory's The Other Boleyn Girl) should enjoy this well-written novel set during fascinating times. The relationship among the sisters is believable and often heartbreaking.—Elizabeth Mellett, Brookline P.L., MA(c) Copyright 2012. Klein has remained an enduring but elusive presence in the Canadian literary consciousness since his death in 1972. Klein's legacy has been mixed, his literary achievement sometimes overshadowed by his reclusiveness and withdrawal from the literary world. Failure's Opposite presents a fresh perspective on Klein's reception and legacy, exploring why he has remained a compelling figure for critics and readers. His experimental work drew upon strong traditions and fluency in several languages - English, French, Yiddish, and Hebrew - allowing him to develop a multilingual, modernist Jewish voice that is a touchstone for understanding Canada's multicultural identity. The struggle with the emotional and historical dimensions of diaspora is of considerable importance throughout his work, which is investigated through the lenses of translation, voice, and his relationship to other Jewish writers. Contributors evaluate Klein's connection to Montreal and the original ways in which he captured the atmosphere of his "jargon city." Failure's Opposite reflects the many ways A.M. Klein is being remade, refashioned, and reconstructed in the twenty-first century, both as a bridge to the past and a model for contemporary critical and creative work in Canadian literature. In just five years a terrible betrayal will ruin 'the Winter Queen', Elizabeth will forever be known, imperil the lives of those she loves and launch a war that lasts thirty years. A historical eBook about Blanche, the White Queen of France, the manipulative mother-in-law of Marguerite in Sherry Jones's *Four Sisters, All Queens*. A woman's power in her beauty. For years, Blanche de Castille, the White Queen of France, has lived by this maxim—passed on by her grandmother, Eléonore d'Aquitaine, as she took the girl to marry King Louis VIII. When her husband dies unexpectedly however, Blanche finds that beauty is not enough to hold, and command, a kingdom against usurpers eager to vie for the Crown from her woman's grasp. Faced with an English invasion, barons' uprisings, and slanderous rumors, Blanche must look within herself for the strength she needs to guard the throne for her young son. Her bold response saves the kingdom and shapes her into the formidable, seemingly heartless mother-in-law to Marguerite of Provence, wife of Louis IX (Saint Louis) and the eldest of the "Four Sisters, All Queens" in Sherry Jones's forthcoming novel. Includes an excerpt to the upcoming *Four Sisters, All Queens*, to be published by Gallery Books, May 8, 2012. The authors bring clarity to the many myths that have arisen around the Kashmiri shawl on the South Asian trade circuit. They also interpret most of the complexities in the Kashmiri shawl lexicon. He lives in London. Praise for Paul Walker: "A gripping and evocative page-turner that vibrantly brings Elizabeth's London to life." Steven Veerapen, author of *A Dangerous Time*. "Full of convincing characters both historical and imagined." Peter Tonkin The four beautiful, cultured and clever daughters of the Count and Countess of Provence made illustrious marriages and lived at the epicentre of politics and intrigue in 13th-century Europe. Marguerite accompanied her husband, King Louis IX of France, on his disastrous first crusade to the Holy Land, where straight from childbirth she ransomed him from the Mamluks. And with her daughter Eleanor, queen of England, Marguerite engineered a sturdy peace between France and England. Ambitious Eleanor walked a narrow line while she struggled to build her own power base without alienating her cowardly husband, King Louis III. Beatrice's coronation as queen of Sicily was the culmination of her long, hard-fought campaign to earn respect from her world-famous, mightily accomplished older siblings. Sanchia wed one of the richest men in Europe, but her relationship with the queen of Germany, brought her only misery. From Goldstone's rich, beautifully woven tapestry, medieval Europe springs to vivid life, from the lavish menus of the royal banquets and the sweet songs of the troubadours to the complex machinations of the Pope against the Holy Roman Emperor. This compelling work of history gives women their due as movers and shakers in tumultuous times. *The Cultural Work of Photography in Canada* is an in-depth study on the role of photographic imagery in Canada from the late nineteenth century to the present. This volume of fourteen essays offers a thought-provoking discussion of the role photography has played in representing Canadian identities. In essays that draw on a diversity of photographic forms, from the snapshot and advertising image to works of photographic art, the contributors present a variety of critical approaches to photography studies, examining themes ranging from the role of photography's part in the formation of the geographic imaginary to Aboriginal self-identity and notions of citizenship. The volume explores the work of photographs as tools of self and collective expression while rejecting any claim to a definitive, singular telling of photography's history. Reflecting the rich interdisciplinarity of contemporary photography studies, *The Cultural Work of Photography in Canada* is essential reading for anyone interested in Canadian visual culture. Contributors include Sarah Bassnett (University of Western Ontario), Lynne Bell (University of Saskatchewan), Jill Delaney (Library and Archives Canada), Robert Evans (Carleton University), Sherry Farrell Racette (University of Manitoba), Blake Fitzpatrick (Ryerson University), Vincent Lavoie (Université du Québec à Montréal), John O'Brian (University of British Columbia), James Opp (Carleton University), Joan M. Rich in intrigue and scheming, love and lust, Sherry Jones's vibrant historical novel follows four women

destined to sway the fate of nations and the hearts of kings... Amid the lush valleys and fragrant wildflowers of Provence, Marguerite, Eléonore, Sanchia, and Beatrice have learned to charm, hunt, dance, and debate under the careful tutelage of their ambitious mother—and to abide by the countess's motto: "Family comes first." With Provence under constant attack, their legacy and safety depend upon powerful alliances. Marguerite's illustrious match with the young King Louis IX makes her Queen of France. Soon Eléonore—independent and daring—is betrothed to Henry III of England. In turn, the shy, devout Sanchia and tempestuous Beatrice wed noblemen who will also make them queens. Yet a crown is no guarantee of protection. Enemies are everywhere, from Marguerite's duplicitous mother-in-law to vengeful lovers and land-hungry barons. Then there are the dangers that come from within, as loyalty succumbs to bitter sibling rivalry. One sister is pitted against sister for the prize each believes is rightfully hers—Provence itself. From the treacherous politics of France and England, to the bloody tumult of the Crusades, Sherry Jones traces the extraordinary true story of four fascinating sisters whose passions, conquests, and progeny shaped the course of history.
